AND VACATING PRIOR AUTHORITY

DOE/FE ORDER NO. 2748

JANUARY 29, 2010

I. DESCRIPTION OF REQUEST

On January 13, 2010, Macquarie Energy LLC (Macquarie) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE) under section 3 of the Natural Gas Act (NGA)¹ for blanket authorization to import and export natural gas from and to Canada and Mexico, to export liquefied natural gas (LNG) to Canada and Mexico, and to import LNG from various international sources, up to a combined total of the equivalent of 500 billion cubic feet (Bcf) of natural gas. The applicant requests the authorization be granted for a two-year term beginning on February 1, 2010.² Macquarie is a Delaware corporation with its principal place of business in Houston, Texas.

Additionally, on August 18, 2008, Macquarie Cook Energy, LLC was granted authorization in DOE/FE Order No. 2528 to import and export natural gas from and to Canada and Mexico, and to import LNG from various international sources for a two-year term beginning on September 20, 2008, and extending through September 19, 2010. Macquarie requests that DOE/FE Order No. 2528 be vacated, as a result of the merger and name change, effective on February 1, 2010. The requested authorization in this docket will supersede the current blanket authorization.

II. FINDING

The application has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by

^{1/} 15 U.S.C. § 717b. This authority is delegated to the Assistant Secretary for FE pursuant to Redlegation Order No. 00-002.04D (November 6, 2007).

^{2/} On January 11, 2010, DOE was notified that Macquarie Cook Power merged into Macquarie Cook Energy, LLC and Macquarie Cook Energy, LLC was renamed Macquarie Energy LLC effective February 1, 2010. Macquarie requested that the effective date of this Order coincide with the date of the official change to its company name.

section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including LNG, from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Macquarie to import and export natural gas from and to Canada and Mexico, to export LNG to Canada and Mexico, and to import LNG from various international sources, meets the section 3(c) criteria and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

ORDER
