ORDER GRANTING BLANKET AUTHORIZATION TO
IMPORT AND EXPORT NATURAL GAS
FROM AND TO CANADA AND
VACATING PRIOR AUTHORIZATION

DOE/FE ORDER NO. 2814

JULY 14, 2010

I. DESCRIPTION OF REQUEST

On July 6, 2010, BP Canada Energy Marketing Corp. (BP Canada) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE) under section 3 of the Natural Gas Act (NGA)¹ for blanket authorization to import and export up to a total of 1,500 billion cubic feet (Bcf) of natural gas from and to Canada.² The applicant requests the authorization be granted for a two-year term beginning on the date the Order is issued. BP Canada is a Delaware corporation with its principal place of business in Calgary, Alberta.

Additionally, on July 25, 2008, BP Canada was granted authorization in DOE/FE Order No. 2521 (Order 2521) to import and export up to 500 Bcf of natural gas from and to Canada for a two year term beginning September 24, 2008, and extending through September 23, 2010 (2 FE ¶ 71,648). BP Canada has exceeded the combined total import and export volume amount currently authorized, and is therefore requesting new import and export authority. Order 2521 will be vacated upon the issuance of this Order, because the requested authorization will supersede the current blanket authorization.

II. FINDING

The application has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public

¹/ 15 U.S.C. § 717b. This authority is delegated to the Assistant Secretary for FE pursuant to Redlegation Order No. 00-002.04D (November 6, 2007).

²/ On July 9, 2010, BP Canada modified their application to request an increase in their estimated import volume from 500 to 1,500 Bcf.

interest and must be granted without modification or delay. The authorization sought by BP Canada to import and export natural gas from and to Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

ORDER

Pursuant to section 3 of the NGA, it is ordered that:

A. BP Canada is authorized to import and export up to a combined total of 1,500 Bcf of natural gas from and to Canada, pursuant to transactions that have terms of no longer than two years. This authorization shall be effective for a two-year term beginning on July 14, 2010, and extending through July 13, 2012.

B. This natural gas may be imported and exported at any point on the border between the United States and Canada.

C. **Monthly Reports:** With respect to the natural gas imports and exports authorized by this Order, BP Canada shall file with the Office of Natural Gas Regulatory Activities, within 30 days following the last day of each calendar month, a report indicating whether imports or exports of natural gas have been made. Monthly reports must be filed whether or not initial deliveries have begun. If no imports and/or exports have been made, a report of “no activity” for that month must be filed. If imports and/or exports of natural gas have occurred, the report must give the following details: (1) for imports, the country of origin; (2) for exports, the country of destination; (3) the point(s) of entry and exit; (4) the volume in thousand cubic feet (Mcf); (5) the average purchase price of gas per million British thermal units (MMBtu) at the international border; (6) the name of the supplier(s); (7) the name of the U.S. transporter(s); (8) the estimated or actual duration of the supply agreement(s); and (9)

for imports, the geographic market(s) served (list State(s), U.S. Census Region(s), or general U.S. geographic area(s)). [OMB No.: 1901-0294]

D. The first monthly report required by this Order is due not later than August 30, 2010, and should cover the reporting period from July 14, 2010, through July 31, 2010.

E. All monthly report filings shall be made to U.S. Department of Energy (FE-34), Office of Fossil Energy, Office of Natural Gas Regulatory Activities, P.O. Box 44375, Washington, D.C. 20026-4375, Attention: Ms. Yvonne Caudillo. Alternatively, reports may be e-mailed to Ms. Caudillo at Yvonne.caudillo@hq.doe.gov or ngreports@hq.doe.gov, or may be faxed to Ms. Caudillo at (202) 586-6050.

F. The blanket authorization issued to BP Canada in Order No. 2521 on July 25, 2008, is hereby vacated upon issuance of this Order.
