ORDER GRANTING BLANKET AUTHORIZATION TO  
IMPORT AND EXPORT NATURAL GAS FROM AND TO CANADA AND MEXICO,  
TO EXPORT LIQUEFIED NATURAL GAS TO CANADA AND MEXICO, AND TO  
IMPORT LIQUEFIED NATURAL GAS FROM VARIOUS INTERNATIONAL SOURCES

DOE/FE ORDER NO. 2822

AUGUST 13, 2010

## I. DESCRIPTION OF REQUEST

On June 11, 2010, Credit Suisse Energy LLC (Credit Suisse) filed an application with the Office of Fossil Energy (FE) of the Department of Energy under section 3 of the Natural Gas Act (NGA)<sup>1</sup> for blanket authorization to import and export natural gas from and to Canada and Mexico, to export liquefied natural gas (LNG) to Canada and Mexico by vessel, and to import LNG from various international sources by vessel, up to a combined total of the equivalent of 500 billion cubic feet (Bcf) of natural gas. The applicant requests the authorization be granted on the date the Order is issued. Credit Suisse is a Delaware corporation with its principal place of business in New York, New York.

## II. FINDING

The application has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including LNG, from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Credit Suisse to import and export natural gas from and to Canada and Mexico, to export LNG to Canada and Mexico by vessel, and to import LNG from various international sources by vessel, meets the section 3(c) criteria and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.
