DOE/FE ORDER NO. 2830

SEPTEMBER 1, 2010

I. DESCRIPTION OF REQUEST

On August 24, 2010, Williams Gas Marketing, Inc. (WGMI) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE) under section 3 of the Natural Gas Act (NGA)¹ for blanket authorization to import and export natural gas from and to Canada, to import liquefied natural gas (LNG) from various international sources by vessel, to import LNG from Canada by truck, and to export LNG to Canada by vessel and truck, up to a combined total of the equivalent of 200 billion cubic feet (Bcf) of natural gas. The applicant requests the authorization be granted for a two-year term beginning on September 18, 2010.² WGMI is an Oklahoma corporation with its principal place of business in Tulsa, Oklahoma.

II. FINDING

The application has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including LNG, from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by WGMI to import and export natural gas from and to Canada, to import LNG from various international sources, and to export LNG to Canada, meets the section 3(c) criteria and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

¹/ 15 U.S.C. § 717b. This authority is delegated to the Assistant Secretary for FE pursuant to Redelelegation Order No. 00-002.04D (November 6, 2007).

²/ WGMI's blanket authorization to import natural gas from Canada granted in DOE/FE Order No. 2539 on September 18, 2008, extends through September 17, 2010 (2 FE ¶ 71,669).

ORDER

Pursuant to section 3 of the NGA, it is ordered that:

A. WGMI is authorized to import and export natural gas from and to Canada, to import LNG from various international sources by vessel, to import LNG from Canada by truck, and to export LNG to Canada by vessel and truck, up to a combined total of the equivalent of 200 Bcf of natural gas, pursuant to transactions that have terms of no longer than two years. This authorization shall be effective for a two-year term beginning on September 18, 2010, and extending through September 17, 2012.

B. This natural gas may be imported and exported at any point on the borders between the United States and Canada.
