Dear us Dept of Energy:

Please stop the DOE propose "Expanding  
Natural Gas Export Authorizations to Non-Free  
Trade Agreement Countries through the year  
2050." This pernicious proposal promotes  
fracking + Liquid Natural Gas authorization  
for another 30 year, crucial years for  
preventing irreversible damage to our  
planet, due to global warming. Protect our  
grandchildren!

Margaret Gordon
