Stakeholders

CSLF Stakeholder Papers

Stakeholders

Stakeholder Register

Stakeholders

- The register is a first step mechanism to engage a diverse/ broad range of stakeholders
- Primary focus should be on information dissemination and outreach
- Stakeholders may nominate to be part of the register through their CSLF member
- CSLF Secretariat responsible for administration of the register
- Also anticipate individual domestic registers in operation

Regular Meetings

Stakeholders

- Important to schedule regular CSLF stakeholder meetings to coincide with the timing of CSLF Ministerial meetings (approximately every two years)
- This would provide an opportunity for the CSLF to report back to stakeholders on progress of its work and milestones achieved
- It also provides for a broad spectrum and a growing number of stakeholders over time

Comments Received

- **Comments sought and received from European Commission and Canada**
 - **Comments from other countries were incorporated into the document**
- ...Added 'active public-private partnerships are critical to the success of the CSLF' in second paragraph**

Reference Groups

Stakeholders

- Proposed in London that the CSLF establish two reference panels – NGOs and Industry
- Concept of these reference groups received support at the London workshop
- Offers stakeholders the opportunity to add value on specific questions not addressed in other fora

Recommendations

- **CSLF members support the CSLF concept paper**
- **CSLF members support establishment of a constructive stakeholder dialogue on CCS**
- **CSLF members support the inclusion of a broad range of stakeholders**
- **Establish a stakeholder register**
- **Schedule stakeholder review conference to coincide with CSLF Ministerial meetings**
