

Carbon Sequestration Leadership Forum
Melbourne Meeting, 13-15 Sept 04

Technology Roadmap

-Introduction to discussion

Tore A. Torp, vice chair Technical Group

CSLF Technology Roadmap

- Introduction to discussion

Roadmap intended to be:

- Basis for common understanding
- Describing the technical status and gaps

What is it NOT:

- List of priorities
- Strategic plan (Goals and methods)
- Work plan (tasks, schedules and budgets)

CSLF Technology Roadmap

- Introduction to discussion

Draft Roadmap of today:

- **Basis? The partners are at different stages in work; now the Roadmap give a common discussion basis**
- **Status and gaps? Brief but, well covered**

Shortcomings?

- **Too brief, need more details to allow prioritisation?**
- **Gap analysis and priorities not dealt with?**
- **No actions/projects suggested?**

CSLF Technology Roadmap

- Introduction to discussion

What to do with our present draft Roadmap **today**:

- Quality assurance editing
- Ask Policy Group to approve it
- Decide to review and update yearly?
- Start discussion on Gaps and Priorities

Wednesday:

- Decide how to do Gap analysis and draft Priorities list?
- Ask Policy Group how to facilitate project co-op?
