

Action Items from Paris Joint Policy Group and Technical Group Meeting

Item	Lead	Action	Status
1	Australia	Prepare a paper on societal issues for co-management of land use in development of storage sites in consultation with any other task force that is interested.	Report completed and is a room document.
2	Secretariat	Conduct a survey of attendees to gather their feedback and suggestions regarding the Technical Workshop and distribute it to attendees.	Survey completed and results presented to the Technical Group in Al Khobar in January 2008.
