# PIRT Meeting
# London, 27 June 2016

# Future PIRT Activities

## Andrew Barrett

PIRT Chair

# Terms of Reference

- Assess projects proposed for recognition by the CSLF …
- Review the CSLF project portfolio …
- Provide input for the further revisions of the CSLF Technology Roadmap …
- Identify where it would be appropriate to have CSLF recognized projects
- Foster enhanced international collaboration for CSLF projects
- Ensure a framework for periodically reporting to the Technical Group on the progress within CSLF projects
- Organize periodic events to facilitate exchange …
- Manage technical knowledge sharing activities …
- Perform other tasks which may be assigned to it by the CSLF Technical Group

# Discussion from last meeting

- PIRT activities fall into three main categories:
    - Review of projects proposed for CSLF recognition
    - Planning for future technology workshops
    - Updating the TRM
- Technical workshop planned for meeting in Japan
    - Part of workshop should highlight Japan's CCS activities
    - Include presentations from several Japanese speakers
- Discussion on a workshop to take a retrospective look at completed projects
    - Focus on challenges and lessons learned
- All future workshops should have knowledge sharing as a central theme
- "Projects Interaction" is in our name – what could we do to better engage sponsors of projects?
    - What information should we expect from sponsors?
- Generic "action item" from Riyadh – "take up again at a future PIRT meeting"
