MANDURAH TERRACE

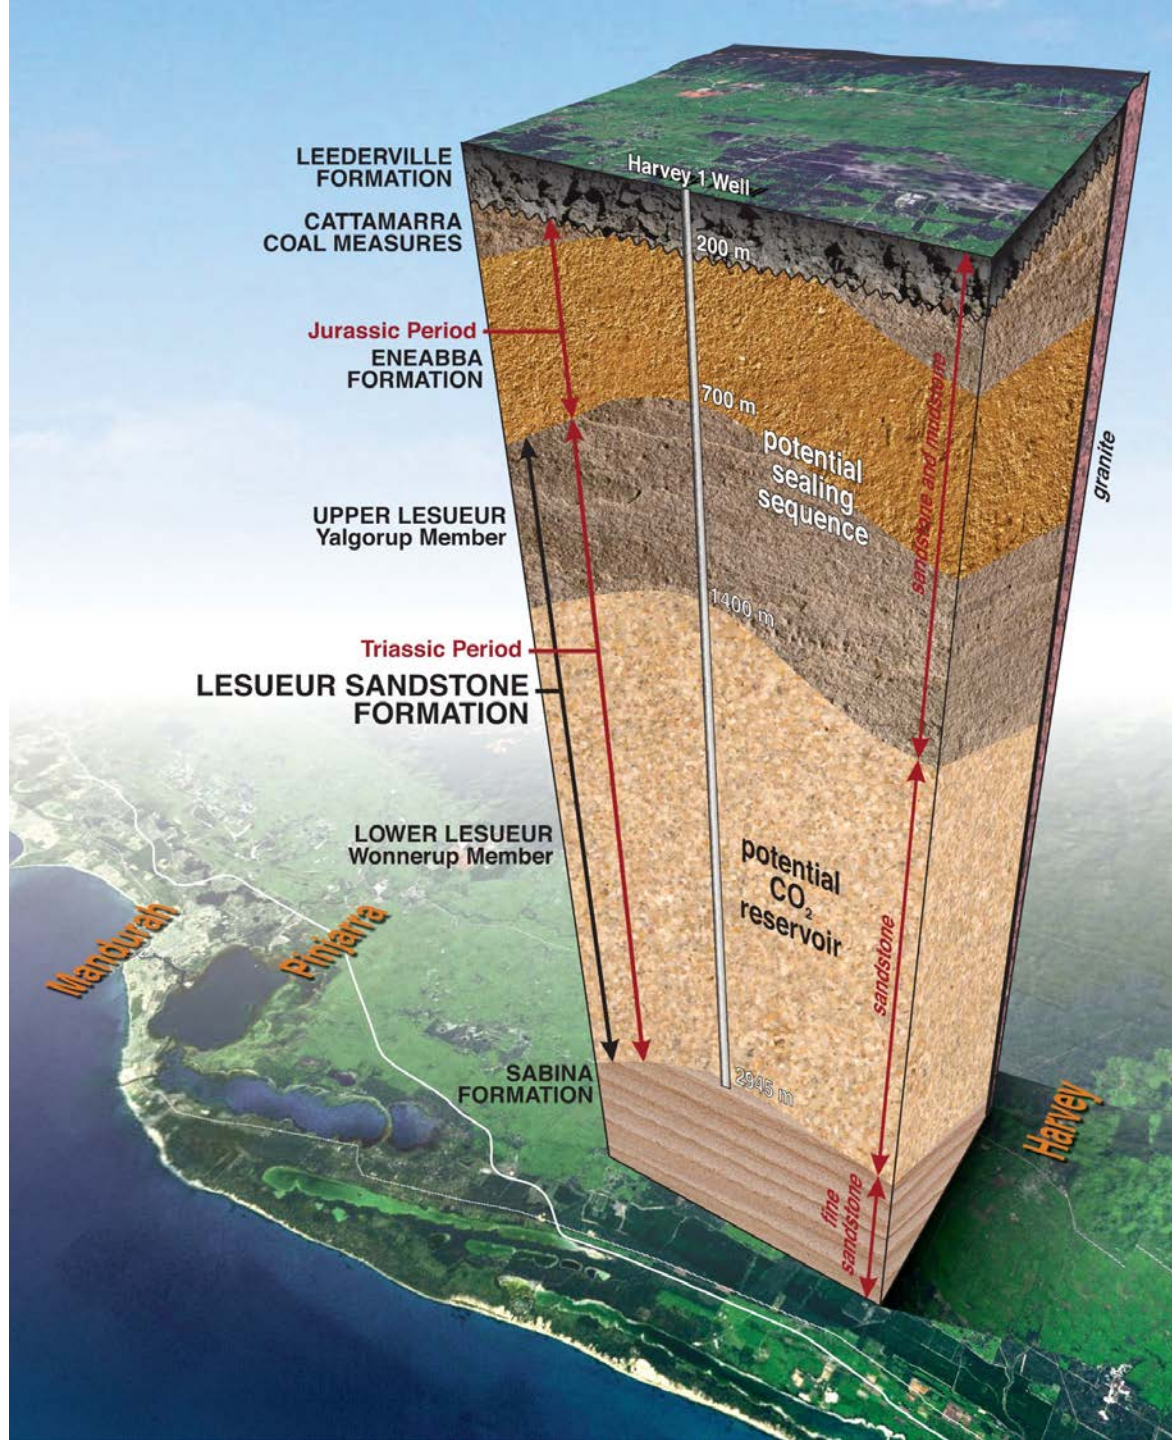

HARVEY RIDGE

- Beginning involvement with local schools – CSIRO CarbonKids project
- Local companies have good community relationships people and experience
- Concerns are not with the geology, but with the relations at surface
- Each aspect of project has to be dealt with as part of the total program

WE CAN DO BETTER!

- TALK, TALK, TALK to locals
- Listen, Listen, Listen to what is being said
- Make yourself available (local presence)
- Follow up
- Engage the media
- Do not surprise the community/Local Government
- Technical language is not understood
- Watch the language - **Harvey Ridge – Lesueur**
- Keep it local!

- Establish local community committee

**Community
Acceptance**

We are asking the community for permission to prove up the storage.

Acceptance will come when we can answer the community's questions
