Proposed Revision to CSLF Project Submission Form

Current version of Form has been in use since April 2014.

Asks for 12 different pieces of information about a nominated project, and also has a supplemental Project Elements Checklist.

Need to slightly revise the “Project Nominators” instructions to conform to current practice.

Proposed Revision to CSLF Project Submission Form

PROJECT NOMINATORS:

In order to formalize and document the relationship with the CSLF, the project representative and at least two CSLF Members nominating the project must ~~sign the Project Submission Form specifying that relationship before the project can be considered. Alternatively, project representatives and nominators can email the CSLF Secretariat (cslfsecretariat@hq.doe.gov) as an alternative to signatures on the Form~~ **requesting the project receive CSLF recognition.**
