ORDER GRANTING BLANKET AUTHORIZATION
TO EXPORT NATURAL GAS TO CANADA

DOE/FE ORDER NO. 884

NOVEMBER 30, 1993

—

I. DESCRIPTION OF REQUEST _____

On September 30, 1993, as supplemented October 21, 1993, ANR Gas Supply Company (ANR) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA)^{1/} and DOE Delegation Order Nos.

0204-111 and 0204-127, requesting blanket authorization to export up to 100 Bcf of natural gas to Canada over a two-year term beginning on the date of first delivery. ANR, a Delaware corporation with its principal place of business in Houston, Texas, is engaged in the business of purchasing and selling natural gas and acting as agent for others in the transportation, purchase, and sale of natural gas. It is a subsidiary of the Coastal Corporation. ANR indicates that it will export the gas under spot and short-term transactions. The requested authorization does not involve the construction of new pipeline facilities.

II. FINDING _____

The application filed by ANR has been evaluated to determine if the proposed export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the export of natural gas to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by ANR to export natural gas to Canada, a

nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This blanket order authorizes transactions under contracts with terms of no longer than two years.

ORDER

Pursuant to section 3 of the Natural Gas Act, it is ordered that:

A. ANR Gas Supply Company (ANR) is authorized to export up to 100 Bcf of natural gas to Canada over a two-year term beginning on the date of the first delivery. This natural gas may be exported at any point on the border of the United States and Canada.

B. Within two weeks after deliveries begin, ANR shall provide written notification to the Office of Fuels Programs, Fossil Energy, Room 3F-056, Forrestal Building, 1000 Independence Avenue, S.W., Washington, D.C. 20585, of the date that the first export of natural gas authorized in Ordering Paragraph A above occurred.

C. With respect to the natural gas exports authorized by this Order, ANR shall file with the Office of Fuels Programs, within 30 days following each calendar quarter, quarterly reports indicating whether exports of natural gas have been made. Quarterly reports must be filed whether or not initial deliveries have begun. If no exports have been made, a report of "no activity" for that calendar quarter must be filed. If exports have occurred, ANR must report monthly total volumes in Mcf and

the average purchase price per MMBtu at the international border. The reports shall also provide the details of each export transaction, including: (1) the name of the seller(s); (2) the name of the purchaser(s); (3) the estimated or actual duration of the agreement(s); (4) the name of the U. S. transporter(s); (5) the point(s) of exit; (6) the geographic market(s) served; and (7) whether the sales are being made on an interruptible or firm basis.

D. The first quarterly report required by Paragraph C of this Order is due not later than January 30, 1994, and should cover the period from the date of this Order until the end of the fourth calendar quarter, December 31, 1993.

Issued in Washington, D.C., on November 30, 1993.
