ERRATA NOTICE

On March 28, 1994, the Department of Energy issued DOE/FE Order No. 929 (Order 929) granting Brooklyn Navy Yard Cogeneration Partners, L.P. authorization to import up to 10,000 MMBtu per day of Canadian natural gas from Crestar Energy and up to 15,000 MMBtu per day from PanCanadian Petroleum Limited for a 15-year term beginning on November 1, 1995. Order 929 did not authorize the additional amount requested by the Applicant to cover the transportation fuel and lost and unaccounted for gas requirements of the domestic pipeline systems which would deliver the imported volumes from the international border near Waddington, New York, to New York City. Accordingly, Ordering Paragraph (A) of Order 929 is amended to include authorization to import up to an additional 508 MMBtu per day of natural gas for transportation and line loss.

Issued in Washington, D.C. on June 13, 1994.
