TO EXPORT NATURAL GAS TO MEXICO

DOE/FE ORDER NO. 602-C

\_\_\_\_\_  
Teco Gas Marketing Company (Teco), as successor to BridgeGas Company (BridgeGas), is currently authorized to export up to 98.55 Bcf of natural gas to Mexico over a period of two years beginning on the date of the first delivery. Exports have not yet commenced under this authorization. These exports were originally authorized to BridgeGas in DOE/FE Opinion and Order No. 6021/ (Order 602), issued April 17, 1992, as amended by

—  
DOE/FE Order No. 602-A2/ (Order 602-A), issued July 11, 1994.

—  
On September 12, 1994, DOE/FE Opinion and Order No. 602-B3/

—  
(Order 602-B) was issued to reflect the name change of BridgeGas to Teco. BridgeGas was acquired by Teco Pipeline Company, parent company to Teco, on February 1, 1994.

Previously, on June 12, 1992, Teco was granted a separate two-year blanket authorization in DOE/FE Opinion and Order No.

2/ 1 FE 70,995. \_

3/ Order 602-B is not yet published. \_

6354/ (Order 635) to export up to 146 Bcf of natural gas to

Mexico. There have been no exports yet under this authorization.

Since the export authority granted by Orders 602, 602-A, and 602-B is similar to the export authority granted by Order 635, Teco has no need for both authorizations. Accordingly, pursuant to section 3 of the Natural Gas Act, the blanket authorization to export natural gas to Mexico granted under Order No. 602, as amended by Orders 602-A and 602-B is hereby vacated.

Issued in Washington, D.C., on October 31, 1994.
