FE DOCKET NO. 95-27-NG

ORDER GRANTING BLANKET AUTHORIZATION  
TO EXPORT NATURAL GAS TO CANADA

DOE/FE ORDER NO. 1047

\_\_\_\_\_  
  
MAY 9, 1995  
  
\_\_\_\_\_

I. DESCRIPTION OF REQUEST \_\_\_\_\_

On April 24, 1995, Koch Gas Services Company (Koch Gas) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA)<sup>1/</sup> and DOE Delegation Order Nos. 0204-111 and 0204-127, requesting blanket authorization to export up to 50 Bcf of domestic natural gas to Canada beginning on the date of first export delivery. Koch Gas, an Oklahoma corporation with its principal place of business in Houston, Texas, is a marketer and broker of natural gas throughout the United States. Koch Gas is a wholly-owned subsidiary of Koch Industries, Inc., a Kansas corporation. The requested authorization does not involve the construction of new pipeline facilities.

II. FINDING \_\_\_\_\_

The application filed by Koch Gas has been evaluated to determine if the proposed export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the export of natural gas to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Koch Gas to export natural gas to Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and,

therefore, is consistent with the public interest. This blanket order authorizes transactions under contracts with terms of no longer than two years.
