TO IMPORT AND EXPORT NATURAL GAS  
FROM AND TO CANADA AND MEXICO  
AND VACATING AUTHORIZATIONS

DOE/FE ORDER NO. 1060

JUNE 15, 1995

I. DESCRIPTION OF REQUEST

---

On May 16, 1995, AIG Trading Corporation (AIG) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA)<sup>1/</sup> and DOE Delegation Order Nos. 0204-111 and 0204-127, for blanket authorization to import and export natural gas from and to Canada and Mexico. Specifically, AIG requests authorization to import up to 200 Bcf and to export up to 200 Bcf of natural gas from and to Canada, and to import up to 200 Bcf and to export up to 200 Bcf of natural gas from and to Mexico. The authorization would be for a period of two years beginning on the date of the initial import or export delivery, whichever occurs first. AIG, a Delaware corporation with its principal place of business in Greenwich, Connecticut, is a subsidiary of American International Group, Inc. AIG is engaged in the business of dealing and trading in commodities, including natural gas. AIG will import and export the gas under short-term and spot market transactions, on its own behalf and as an agent for others. No new pipeline construction would be involved.

AIG also requests that its two current blanket authorizations be vacated when the new blanket authorization for which it is applying is issued. Specifically, in DOE/FE Order No. 8052/, AIG is authorized to import up to 200 Bcf and to export up to 200 Bcf of natural gas from and to Canada, over a two-year term expiring July 18, 1995. Additionally, in DOE/FE

Order No. 8403/, AIG is authorized to import up to 200 Bcf and to export up to 200 Bcf of natural gas from and to Mexico, over a two-year term beginning on the date of the first delivery. Deliveries have not yet begun under Order No. 840.

## II. FINDING

The application filed by AIG has been evaluated to determine if the proposed import/export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the importation or exportation of natural gas from or to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by AIG to import and export natural gas from and to Canada and Mexico, nations with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This blanket order authorizes transactions under contracts with terms of no longer than two years.
