FE DOCKET NO. 96-05-NG

ORDER GRANTING BLANKET AUTHORIZATION
TO IMPORT NATURAL GAS FROM CANADA

DOE/FE ORDER NO. 1148

MARCH 11, 1996

I. DESCRIPTION OF REQUEST _____

On February 22, 1996, POCO Marketing Ltd. (POCO) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA)1/, and DOE Delegation Order Nos. 0204-111 and 0204-127, requesting blanket authorization to import up to 250 Bcf of natural gas from Canada over a term of two years beginning on the date of the first delivery. POCO, an Alberta corporation with its principal place of business in Calgary, Alberta, is a wholly-owned subsidiary of POCO Petroleum Ltd. POCO, a marketer of natural gas, plans to import the gas under short-term and spot market arrangements on its own behalf as well as on behalf of others. The requested authorization does not involve the construction of new pipeline facilities.

II. FINDING _____

The application filed by POCO has been evaluated to determine if the proposed import arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the importation of natural gas from a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by POCO to import natural gas from Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and,

1. 15 U.S.C. 717b.

therefore, is consistent with the public interest. This blanket order authorizes transactions under contracts with terms of no longer than two years.

ORDER

Pursuant to section 3 of the Natural Gas Act, it is ordered that:

A. POCO Marketing Ltd. (POCO) is authorized to import from Canada up to 250 Bcf of natural gas over a two-year term beginning on the date of first delivery. The gas may be imported at any U.S./Canada border point.

C. With respect to the natural gas imports authorized by this Order, POCO shall file with the Office of Fuels Programs, within 30 days following each calendar quarter, quarterly reports indicating whether imports of natural gas have been made. Quarterly reports must be filed whether or not initial deliveries have begun. If no imports have been made, a report of "no activity" for that calendar quarter must be filed. If imports occur, POCO must report total monthly volumes in Mcf and the average purchase price per MMBtu at the international border. The reports shall also provide the details of each import
