ORDER GRANTING BLANKET AUTHORIZATION
TO IMPORT NATURAL GAS FROM CANADA

DOE/FE ORDER NO. 1160

APRIL 29, 1996

I. DESCRIPTION OF REQUEST _____

On April 10, 1996, Chevron U.S.A. Inc. (Chevron) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA)¹ and DOE Delegation Order Nos. 0204-111 and 0204-127, requesting blanket authorization to import up to 73 Bcf of natural gas from Canada over a period of two years.² Chevron, a Pennsylvania corporation with its principal place of business in San Francisco, California, is a wholly-owned subsidiary of Chevron Corporation. Chevron requests authority to import this gas under spot and short-term sales arrangements, on its own behalf as well as on behalf of others. The specific terms of each import, including price and volume, would be negotiated at arms length in response to market conditions. The requested authorization does not involve the construction of new pipeline facilities.

II. FINDING _____

The application filed by Chevron has been evaluated to determine if the proposed import arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the importation of natural gas from a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without

modification or delay. The authorization sought by Chevron to import natural gas from Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This blanket order authorizes transactions under contracts with terms of no longer than two years.

ORDER

Pursuant to section 3 of the Natural Gas Act, it is ordered that:

A. Chevron U.S.A. Inc. (Chevron) is authorized to import from Canada, at any point on the international border, up to 73 Bcf of natural gas over the two-year term beginning on the date of first delivery after June 30, 1996.

Within two weeks after deliveries begin, Chevron shall provide written notification to the Office of Fuels Programs, Fossil Energy, Room 3F-056, Forrestal Building, 1000 Independence Avenue, S.W., Washington, D.C. 20585, of the date that the first import of natural gas authorized in Ordering Paragraph A above occurred.

C. With respect to the natural gas imports authorized by this Order, Chevron shall file with the Office of Fuels Programs, within 30 days following each calendar quarter, quarterly reports indicating whether imports of natural gas have been made. If no imports have been made, a report of "no activity" for that calendar quarter must be filed. If imports occur, Chevron must report total monthly volumes in Mcf and the average purchase

- (6) the geographic market(s) served;
- (7) whether sales are being made on an interruptible or firm basis; and, if applicable,
- (8) the per unit (MMBtu) demand/commodity/reservation charge breakdown of the contract price.

D. The first quarterly report required by Ordering Paragraph C of this Order is due not later than October 30, 1996, and should cover the period from the July 1, 1996, until the end of the third calendar quarter, September 30, 1996.

Issued in Washington, D.C., on April 29, 1996.
