ORDER GRANTING BLANKET AUTHORIZATION
TO IMPORT AND EXPORT NATURAL GAS FROM AND TO CANADA

DOE/FE ORDER NO. 1212

OCTOBER 31, 1996

—

I. DESCRIPTION OF REQUEST _____

On September 23, 1996, Maritimes & Northeast Pipeline, L.L.C. (Maritimes & Northeast) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA)^{1/} and DOE Delegation

Order Nos. 0204-111 and 0204-127, for blanket authorization to import and export from and to Canada up to a combined total of 626 Bcf of natural gas over a two-year term beginning on the date of initial import or export delivery. Maritimes & Northeast is a Delaware limited liability company with its principal place of business in Boston, Massachusetts. Maritimes & Northeast states that it will act on its own behalf as well as on behalf of others and requests authority to import or export natural gas at any point on the U.S./Canada border where transportation facilities exist.

II. FINDING _____

The application filed by Maritimes & Northeast has been evaluated to determine if the proposed import/export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import or export of natural gas from or to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Maritimes & Northeast to import and export natural gas

(Maritimes & Northeast) is authorized to import and export up to a combined total of 626 Bcf of natural gas from and to Canada over a two-year term beginning on the date of first import or export delivery. With respect to the natural gas imports and exports authorized by this Order, Maritimes & Northeast shall file with OFP, within 30 days following each calendar quarter, quarterly reports indicating whether imports or exports of natural gas have been made. Quarterly reports must be filed whether or not initial deliveries have begun. If no imports or exports of
