**APPLICATION OF ENRON CAPITAL & TRADE

TO IMPORT NATURAL GAS FROM CANADA**

**I. ACTION SOUGHT FROM THE OFFICE OF FOSSIL FUELS**

Pursuant to Section 3 of the Natural Gas Act of 1938, as amended, 15 U.S.C. § 717b (1994 Supp.), Section 201 of the Energy Policy Act of 1992, 15 U.S.C. § 717b(b)-(c) (1994 Supp.), Delegation Order Nos. 0204-111, 49 Fed. Reg. 6684 (Feb. 22, 1984) and 0204-127, 54 Fed. Reg. 11437 (Mar. 20, 1991) of the United States Department of Energy ("DOE"), and Part 590 of the DOE's regulations, 10 C.F.R. Part 590, Enron Capital & Trade Resources Corp. ("ECT") hereby requests that the DOE's Office of Fossil Energy grant it long-term authorization to import up to 15.4 MMcf of natural gas per day (up to 5.6 Bcf annually) at a receipt point located near Niagara, Ontario and other receipt points along the Canada-U.S. border, for a term commencing on November 1, 1997 or such other date on which deliveries commence under the transactions specified below, and terminating November 1, 2007. In support of this application, ECT presents the following:

### III. DESCRIPTION OF THE PARTIES AND PROPOSED TRANSACTION.

#### A. Background.

ECT is a Delaware corporation and is a wholly-owned subsidiary of Enron Corp. Its principal place of business is located in Houston, Texas, with other offices located in Dublin, Ohio, Chicago, Illinois, Long Beach, San Francisco and Auburn, California, Omaha, Nebraska, Kansas City, Missouri, Denver, Colorado, and Tulsa, Oklahoma. ECT, the successor to Enron Gas Marketing, Inc., is one of the largest buyers and sellers of natural gas in North America, with physical and financial volumes in excess of 30 billion cubic feet per day. ECT is the parent corporation of Enron Capital & Trade Resources Canada Corp. ("ECT Canada"), which is the purchaser of the natural gas subject to this application from a supplier in the Province of Alberta, and the seller of the gas to ECT at the international boundary.

ECT proposes to import the natural gas from Canada at the export point near Niagara, in the Province of Ontario. However, as this supply forms part of ECT's corporate portfolio, ECT may wish to bring these volumes in to the U.S. at other points along the U.S.-Canadian border from time to time. In order to retain flexibility, ECT requests that the subject import authorization not be restricted to a single point of import.

ECT will use the Canadian natural gas supplies imported hereunder to enhance its overall corporate supply portfolio. The natural gas to be imported will be produced in Alberta, and will be transported to market through NOVA Gas Transmission Limited ("NOVA"), TransCanada PipeLines Limited ("TCPL") and National Fuel Gas Supply Corporation ("National Fuel"). The gas will flow on NOVA for firm delivery service to Empress, Alberta, at the interconnect of TCPL and then across Canada on the facilities of TCPL to the inter-connect of TCPL and National Fuel at Niagara, Ontario. The gas will continue to flow on the facilities of National Fuel to the interconnect of National Fuel and Transco in Leidy, Pennsylvania. The gas will then be delivered to markets or to interconnecting pipeline systems for delivery to markets in the northeastern United States.

#### B. Supply

ECT will purchase the gas supplies from ECT Canada under an Enfolio Master Firm Purchase/Sale Agreement ("Master Agreement") dated June 1, 1994. This Master Agreement

contemplates the parties entering into various transactions for the firm purchase and sale of gas to which the Agreement is to apply. The import arrangement contemplated hereunder is subject to the Master Agreement pursuant to a confirmation letter between ECT and ECT Canada dated December 31, 1996 ("Confirmation Letter"). The Confirmation Letter provides for the sale by ECT Canada to ECT of 15,400 MMBtu's of gas per day, to be delivered at the U.S.-Canada border near Niagara for the period from November 1, 1997 up to November 1, 2007. If ECT, as Buyer, fails to schedule the minimum daily quantity (MinDQ) or daily contract quantity (DCQ), this constitutes a Buyer's Deficiency Default and Buyer's Deficient quantity shall be the difference between the DCQ or MinDQ and the quantity of gas scheduled for such day. ECT will then be required to pay ECT Canada the sum of an amount equal to the product of Buyer's Deficiency Quantity multiplied by the Replacement Price Differential plus liquidated damages equal to \$0.15 multiplied by Buyer's Deficiency Quantity to cover ECT Canada's administrative and operational costs. The Replacement Price Differential means the positive difference, if any, obtained by subtracting the lesser of (a) the price obtained by Seller in an incremental, arms-length sale(s) to a third party of a quantity of gas equal to Buyer's Deficiency Quantity for such day, less incremental transportation charges to the Seller, and including other basis adjustments or (b) the Spot Price for the day in which Buyer's Deficiency Default occurred from the Contract Price. The Master Agreement and Confirmation Letter are attached hereto as Exhibit "A".

ECT Canada has entered into a purchase arrangement with POCO Petroleum Ltd. ("Poco"), under a Master Firm Gas Purchase/Sale Agreement dated April 3, 1996 with a Confirmation Letter dated December 9, 1996. Poco will sell ECT Canada a maximum daily quantity of gas up to 15,400 MMBtu's per day, plus fuel gas at AECO "C", Alberta for the period from November 1, 1997 until November 1, 2007.

C. Transportation

The Alberta-sourced natural gas will be transported from the field to the contract delivery point on the Alberta-Saskatchewan border near Empress, Alberta through NOVA facilities. Poco holds sufficient NOVA capacity to the TCPL receipt point for the 5.6 Bcf of gas to be imported annually. The natural gas will be transported from the contract delivery point near Empress to the Canada-U.S. border near Niagara Falls, Ontario, through TCPL facilities.

ECT will purchase the gas from ECT Canada on the Canadian side of the International Border at a point near the interconnect between TCPL and Niagara.

D. Markets

ECT manages the largest portfolio of fixed-price natural gas risk management contracts in the world; it holds equity interests in and markets power from four operating natural gas-fired power projects in North America; it is the largest supplier of gas to the electric generation industry in North America and is among the leading entities arranging new capital to the North American energy industry.

The natural gas which ECT will acquire under the import authorization requested herein will be used as part of ECT's overall corporate gas supply portfolio. It is generally expected that the subject natural gas will be used to serve the U.S. northeast markets currently under long-term contracts to ECT.

IV. THE AUTHORIZATION SOUGHT IS CONSISTENT WITH THE PUBLIC INTEREST

The long-term import authorization sought by ECT herein is not inconsistent with the public interest, as required by Section 3 of the Natural Gas Act. As that section states, the importation of natural gas "from a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas" is deemed to be consistent with the public interest and must be granted "without modification or delay." Since the authorization ECT seeks is to import natural gas produced in Canada, a nation with which the U.S. has a free trade agreement covering the sales of natural gas, the proposed transaction satisfies the public interest criteria as expressed in Section 3 of the NGA.

V. ENVIRONMENTAL CONSIDERATIONS

As a result of the amendment of Section 3 of the Natural Gas Act effectuated by the Energy Policy Act of 1992, an environmental review of an import application is not required under the National Environmental Policy Act. See DOE/FE Order No. 762. Any environmental assessment or analysis necessary due to pipeline construction to serve ECT will be performed by the Federal Energy Regulatory Commission.

ECT notes that it has filed an application with the National Energy Board of Canada for a long-term license authorizing the export of the gas in the subject transaction. As part of its

evaluation of the export application, the NEB will likely consider any environmental implications the application may raise on the Canadian side of the border.

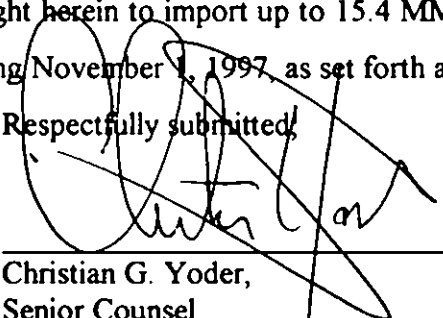

VI. OTHER FEDERAL ACTION

Neither ECT nor any other party has any pending applications with any other federal agency with respect to the proposed import of natural gas. ECT has filed an application for an export license with the National Energy Board of Canada.

VII. CONCLUSION

WHEREFORE, ECT requests that the Department of Energy Office of Fossil Energy grant it the authorization sought herein to import up to 15.4 MMcf/d of natural gas from Canada for a ten year term commencing November 1, 1997, as set forth above.

Respectfully submitted,

---

Re: Application of Enron Capital & Trade Resources Corp. for  
Long-Term Authorization to Import Canadian Natural Gas

To Whom It May Concern:

This opinion is rendered in connection with the application of Enron Capital & Trade Resources Corp. ("ECT") for authorization under Section 3 of the Natural Gas Act to import up to 15.4 Mmcf of natural gas per day (up to 5.6 Bcf annually), at a receipt point located near Niagara, Ontario and other receipt points along the Canada-U.S. border, for a term commencing on November 1, 1997 or such other date on which deliveries commence under the transactions specified below, and terminating October 31, 2007.

Based upon my understanding of the application and my examination of the relevant documents, records and matters of law, it is my opinion that the proposed import of natural gas from Canada by ECT, as contemplated in the instant application, is within the corporate power of ECT.

Very truly yours,

Christian G. Yoder

**SUPPLY ARRANGEMENTS**

Enfolio Master Firm Purchase/Sale Agreement between  
Enron Capital & Trade Resources Corp. and Enron Capital  
& Trade Resources Canada dated June 1, 1994

Confirmation Letter between ECT and ECT Canada  
dated December 31, 1996

ENFOLIO MASTER FIRM PURCHASE AGREEMENT

Enron Gas Marketing Inc., a Delaware corporation ("Company"), and Enron Gas Services Canada Corp., an Alberta, Canada corporation ("Customer"), referred to collectively as the "Parties," enter into this Master Firm Purchase/Sale Agreement (together with all Transactions, collectively, this "Agreement") effective as of the 1st Day of June, 1994 (the "Effective Date"). The ENFOLIO General Provisions set forth in Appendix "1" shall apply to this Agreement.

**ARTICLE 1. TERM** This Agreement shall govern all Transactions and be in effect for a term of one year from the Effective Date. It shall then continue in effect from Month to Month, unless terminated by either Party upon 30 Days prior written notice to the other Party; provided, this Agreement shall continue to apply to all Transactions then in effect until all Transactions are completed. Termination of this Agreement in all instances shall be subject to Section 9.4.

**ARTICLE 2. SCOPE OF AGREEMENT** 2.1. Scope of Agreement. Company and Customer from time to time during the term hereof may, but are not obligated to, enter into Transactions for the firm purchase and sale of Gas to which this Agreement shall apply. Each Transaction shall be effectuated and evidenced as set forth in this Article 2 and shall constitute a part of this Agreement. Each Transaction shall be construed as one with this Agreement and any discrepancy between this Agreement and a Transaction shall be resolved in favor of the Transaction. Each Transaction shall provide whether the Transaction is based upon DCQ quantity obligations or MinMQ or MinDQ and MaxDQ quantity obligations, in which case the applicable alternative definitions and provisions set forth in this Agreement shall apply.

2.2. Transaction Procedures. It is the intent of the Parties to facilitate Transactions in accordance with the agreed procedures in this Article 2 and assure that such Transactions are valid and enforceable as a result of the use of these procedures for the mutual benefit of the Parties. Any Transaction may be formed and effectuated (i) by a written paper-based Transaction Agreement executed by the Parties (including by facsimile and/or counterparts) or (ii) in a recorded telephone conversation between the Parties occurring on any Business Day during the Pricing Hours whereby an offer and acceptance shall constitute the agreement of the Parties to a Transaction as evidenced by the Transaction Tape; provided, each Party may stipulate by prior notice to the other Party that any particular contemplated Transaction may be effectuated and formed only by means of procedure (i) above. The Parties shall be legally bound by each Transaction from the time they agree to its terms in accordance with this Article 2 and acknowledge that each Party will rely thereon in doing business related to the Transaction. The Transaction Tape is adopted by the Parties as a means by which a Transaction is reduced to tangible form, and the Parties to a Transaction are identified and authenticate a Transaction. Any Transaction formed and effectuated pursuant to the foregoing shall be considered to be a "writing" or "in writing" and to have been "signed" and any Transaction Tape shall be considered to constitute an "original" document evidencing the Transaction. Each Party consents to the recording of its employees' telephone conversations without any further notice. SEE RIDER TRANSACTION AGREEMENT REQUIRED

2.3. Equipment and Transaction Tape. Company shall at its expense maintain equipment necessary to regularly record Transactions on Transaction Tapes and retain Transaction Tapes in such manner as to protect its business records from proper access; provided, Company shall not be liable for any malfunction of equipment or the operation thereof in respect of any Transaction WITHOUT REGARD TO THE CAUSE OR CAUSES RELATED THERETO, INCLUDING, WITHOUT LIMITATION, THE NEGLIGENCE OF ANY PARTY, WHETHER SUCH NEGLIGENCE BE SOLE, JOINT OR CONCURRENT, OR ACTIVE OR PASSIVE. No Transaction shall be violated should a malfunction occur in equipment regularly utilized for recording Transactions or retaining Transaction Tapes or the operation thereof, and in such event, the Transaction shall be evidenced by the written and computer records of the

Parties concerning the action made contemporaneously with the telephonic conversation.

2.4. Confirmations. In addition to, but not in lieu of, the foregoing, the Parties agree that Company may confirm a recorded telephonic Transaction by forwarding Customer a facsimile Confirmation and that a reasonable time for the receipt of a Confirmation is within 24 hours of the Transaction. Inmate Company does hereby adopt its letterhead, including its address, as its signature on any Confirmation as the identification of Company and authentication by Company of the Confirmation, and such letterhead shall be sufficient to verify that Company originated the Confirmation. The Parties agree that any objections to the contents of the Confirmation shall be made in writing on or before the Confirm Deadline for purposes hereunder and at law.

2.5. Enforcement of Transactions. The Parties agree not to contest or assert a defense to the validity or enforceability of telephonic Transactions entered into in accordance with this Agreement under laws relating to (i) whether certain agreements are to be in writing or signed by the Party to be thereby bound or (ii) the authority of any employee of the Party if the employee name and the Identification Code of the Party are stated in the Transaction Tape.

**ARTICLE 3. QUANTITY OBLIGATIONS** 3.1. Seller's Sales Obligation. Seller shall Schedule, or cause to be Scheduled, at the Delivery Point(s) on a firm basis each Gas Day a quantity of Gas equal to the quantity properly requested by Buyer up to the DCQ or MaxDQ, if applicable ("Buyer's Requested Quantity"). Unless otherwise agreed nothing in this Agreement, and in particular this Article 3, shall require or permit either Party to Schedule Gas at a point other than a Delivery Point or in excess of the DCQ, Maximum Daily Delivery Point Quantity or MaxDQ, if applicable.

3.2. Seller's Failure to Schedule. If on any Gas Day Seller fails to Schedule Buyer's Requested Quantity, then such occurrence shall constitute a "Seller's Deficiency Default" and "Seller's Deficiency Quantity" shall be the numeric difference between Buyer's Requested Quantity and the amount of Gas Scheduled for such Gas Day. In the event of a Seller's Deficiency Default, Seller shall pay Buyer the sum of the following: (a) an amount equal to the product of the Seller's Deficiency Quantity multiplied by the Replacement Price Differential, plus (b) liquidated damages equal to 30.15 multiplied by Seller's Deficiency Quantity to cover Buyer's administrative and operational costs. During any Month in which Seller's nonperformance continues for a period of five consecutive Gas Days Buyer may elect upon notice to Seller, without liability, not to recommence Scheduling Gas hereunder for the remainder of such Month, but for no longer period. Subject to offset pursuant to Section 3.5, payment to Buyer shall be made no later than 10 Days after receipt by Seller of Buyer's invoice for same.

3.3. Buyer's Purchase Obligation. Buyer shall Schedule, or cause to be Scheduled, at the Delivery Point(s) on a firm basis each Gas Day a quantity of Gas equal to the DCQ; provided, (a) if the MinMQ is applicable to a Transaction, Buyer shall Schedule, or cause to be Scheduled, at the Delivery Point(s) on a firm basis each Month a minimum quantity of Gas equal to the MinMQ and (b) if the MinDQ is applicable to a Transaction, Buyer shall Schedule, or cause to be Scheduled, at the Delivery Point(s) on a firm basis each Day a minimum quantity of Gas equal to the MinDQ.

3.4. Buyer's Failure to Schedule. If on any Gas Day Buyer fails to Schedule the DCQ or MinDQ, if applicable, then such occurrence shall constitute a "Buyer's Deficiency Default" and "Buyer's Deficiency Quantity" shall be the numeric difference between the DCQ or MinDQ, if applicable, and the quantity of Gas Scheduled for such Gas Day; provided, if the MinMQ is applicable to a Transaction, the Buyer's Deficiency Default shall occur if Buyer fails to Schedule the MinMQ in any Month and (b) the Buyer's Deficiency Quantity shall be the numerical difference between the MinMQ and the quantity of Gas Scheduled for such Month. In the event of a Buyer's Deficiency Default, Buyer shall pay Seller the sum of the following:

Replacement Price Differential, 20% of liquidated damages equal to \$0.15 multiplied by Buyer's Deficiency Quantity to cover Seller's administrative and operational costs. With respect to DCO and MinDO obligations, during any Month in which Buyer's nonperformance continues for a period of five consecutive Gas Days Seller may elect upon notice to Buyer, without liability, not to recommence Scheduling Gas for the remainder of such Month but for no longer period. Subject to offset pursuant to Section 3.5, payment to Seller shall be made in accordance with the Billing and Payment provisions set forth in Appendix "1".

**3.5. Offset.** In the event that Buyer and Seller are each required to pay an amount in the same Month under Section 3.2 and Section 3.4, or under Section 3.2 and the Billing and Payment provisions set forth in Appendix "1", then such amounts with respect to each Party shall be aggregated and the Parties shall discharge their obligations to pay through offset, in which case the Party, if any, owing the greater aggregate amount shall pay to the other Party the difference between the amounts owed.

**ARTICLE 4. DEFAULTS AND REMEDIES**

**4.1. Early Termination.** If a Triggering Event (defined in Section 4.2) occurs with respect to either Party at any time during the term of this Agreement, the other Party (the "Notifying Party") may (i) upon two Business Days written notice to the first Party, which notice shall be given no later than 60 Days after the discovery of the occurrence of the Triggering Event, establish a date on which any or all Transactions selected by it and this Agreement in respect thereof will terminate ("Early Termination Date") except as provided in Section 4.4, and (ii) withhold any payments due in respect of such Transactions; provided, upon the occurrence of any Triggering Event listed in item (iv) of Section 4.2 as it may apply to any party, the Transactions selected by the Notifying Party and this Agreement in respect thereof shall automatically terminate, without notice, as if an Early Termination Date had been immediately declared except as provided in Section 4.1. If an Early Termination Date occurs, the Notifying Party shall in good faith calculate its damages, including its associated costs and attorneys' fees, resulting from the termination of the terminated Transactions (the "Termination Payment"). The Termination Payment will be determined by (i) comparing the value of (a) the remaining term, quantities and prices under each such Transaction had it not been terminated to (b) the equivalent quantities and relevant market prices for the remaining term either quoted by a bona fide third party offer or which are reasonably expected to be available in the market under a replacement contract for each such Transaction and (ii) ascertaining the associated costs and attorneys' fees. To ascertain the market prices of a replacement contract the Notifying Party may consider, among other valuations, any or all of the settlement prices of NYMEX Gas futures contracts, quotations from leading dealers in Gas swap contracts and other bona fide third party offers, all adjusted for the length of the remaining term and the basis differential. Upon the netting of all terminated Transactions, if the calculation of the Termination Payment does not result in damages to the Notifying Party, the Termination Payment shall be zero. The Notifying Party shall give the Affected Party (defined in Section 4.2) written notice of the amount of the Termination Payment, inclusive of a statement showing its determination. The Affected Party shall pay the Termination Payment to the Notifying Party within 10 Days of receipt of such notice. At the time for payment of any amount due under this Article 4, each Party shall pay to the other Party all additional amounts payable by it pursuant to this Agreement, but all such amounts shall be netted and aggregated with any Termination Payment payable hereunder. If the Affected Party disagrees with the calculation of the Termination Payment, the issue shall be submitted to arbitration pursuant to this Agreement and the resulting Termination Payment shall be due and payable within 10 Days after the award.

**Triggering Event** shall mean, with respect to a Party (the "Affected Party"): (i) failure by the Affected Party to make, when due, any payment required under this Agreement if such failure is not remedied within five Business Days after written notice of such failure is given to the Affected Party; provided, the payment is not the subject of a good faith dispute as described in the Billing and Payment provisions or (ii) any representation or warranty made by the Affected Party in this Agreement shall prove to have been false or misleading in any material respect when

made or deemed to be made or (iii) the failure by the Affected Party to perform any covenant set forth in this Agreement (other than its obligations to make any payment or obligations which are otherwise specifically covered in this Section 4.1 as a separate Triggering Event), and such failure is not excused by Force Majeure or cured within five Business Days after written notice thereof to the Affected Party; (iv) the Affected Party shall (a) make an assignment or any general arrangement for the benefit of creditors; (b) file a petition or otherwise commence, authorize or acquiesce in the commencement of a proceeding or cause under any bankruptcy or similar law for the protection of creditors, or have such petition filed against it; (c) such proceeding remains undismissed for 30 Days; (d) otherwise become bankrupt or insolvent (however evidenced) or (e) be unable to pay its debts as they fall due or (f) Seller's unexcused failure to Schedule the Buyer's Requested Quantity requested by Buyer for a cumulative period of 30 or more Gas Days in a 12 Month period in any one Transaction or (vii) Buyer's unexcused failure to Schedule the DCO or MinDO for a cumulative period of 30 or more Gas Days in a 12 Month period in any one Transaction, or, if applicable, the MinDO for a cumulative period of three Months in a 12 Month period in any one Transaction or (viii) the occurrence of a Material Adverse Change of the Affected Party; provided, such Material Adverse Change shall not be considered if the Affected Party establishes, and maintains throughout the term hereof, a Letter of Credit (naming the Notifying Party as the beneficiary) in an amount equal to the sum of (a) each case rounding upwards for any fractional amount to the next \$ 500,000.00 (i) the Notifying Party's Termination Payment plus (b) if the Notifying Party is Seller, the aggregate of the amounts Seller is entitled to receive under each Transaction for Gas Scheduled during the 60 Day period preceding the Material Adverse Change (the amount of said Letter of Credit to be adjusted quarterly to reflect amounts owing at that point in time) or (viii) the Affected Party fails to establish, maintain, extend or increase a Letter of Credit when required pursuant to this Agreement, or after reasonable notice fails to replace the issuing bank with another bank acceptable to the beneficiary.

**4.3. Other Events.** In the event Buyer under a Transaction is regulated by a federal, state or local regulatory body, and such body shall disallow all or any portion of any costs incurred or yet to be incurred by Buyer under any provision of this Agreement, such action shall not operate to excuse Buyer from performance of any obligation nor shall such action give rise to any right of Buyer to any refund or retroactive adjustment of the Contract Price provided in any Transaction. Notwithstanding the foregoing, if the Affected Party's activities hereunder become subject to regulation of any kind whatsoever under any law (other than with respect to New Taxes) to a greater or different extent than that existing on the Effective Date and such regulation either (i) renders this Agreement illegal or unenforceable or (ii) materially adversely affects the business of the Affected Party, with respect to its financial position or otherwise, then in the case of (i) above, either Party, and in the case of (ii) above, only the Affected Party, shall at such time have the right to declare an Early Termination Date in accordance with the provisions hereof; provided, notwithstanding the rights of the Parties to declare an Early Termination Date as above stated, the Affected Party shall be liable for payment of the Termination Payment calculated by the non-Affected Party as provided in Section 4.1.

**4.4. Offset.** Each Party reserves to itself all rights, set-offs, counterclaims and other remedies and defenses consistent with Section 8.3 (to the extent not expressly herein waived or denied) which such Party has or may be entitled to arising from or out of this Agreement. All outstanding Transactions and the obligations to make payment in connection therewith or under this Agreement may be offset against each other, set off or recouped therefrom.

**ARTICLE 5. FORCE MAJEURE** This Article 5 is the sole and exclusive excuse of performance permitted under this Agreement and all other excuses at law or in equity are WAIVED to the extent permitted by law. Except with respect to payment obligations, in the event either Party is rendered unable, wholly or in part, by Force Majeure to carry out its obligations hereunder, it is agreed that upon such Party's giving notice and full particulars of such Force Majeure to the other Party as soon as

reasonably possible (such notice to be confirmed) (mg), the obligations of the Party giving such notice, to the extent they are affected by such event, shall be suspended from the inception and during the continuance of the Force Majeure for a period of up to 60 Days in the aggregate during any 12 Month period, but for no longer period. The Party receiving notice of Force Majeure may immediately take such action as it deems necessary at its expense for the entire 60 Day period or any part thereof. The Parties expressly agree that upon the expiration of the 60 Day period Force Majeure shall no longer apply to the obligations hereunder and both Buyer and Seller shall be obligated to perform. The cause of the Force Majeure shall be remedied with all reasonable diligence and dispatch; provided, unless otherwise agreed no provision herein shall require or permit Seller or Buyer to Schedule quantities of Gas (G) in excess of the DCQ, Maximum Daily Delivery Point Quantity or MaxDCQ, as applicable, or (G) at points other than the Delivery Point(s).

**ARTICLE 6. TAXES** 6.1. Allocation of and Indemnity for Taxes. The Contract Price includes full reimbursement for, and Seller is liable for and shall pay, or cause to be paid, or reimburse Buyer if Buyer has paid, all Taxes applicable to the Gas sold upstream of the Delivery Point(s). In the event Buyer is required to remit such Tax, the amount thereof shall be deducted from any sums becoming due to Seller hereunder. Seller shall indemnify, defend and hold harmless Buyer from any Claims for such Taxes. The Contract Price does not include reimbursement for, and Buyer is liable for and shall pay, cause to be paid, or reimburse Seller if Seller has paid, all Taxes applicable to the Gas sold downstream of or at the Delivery Point(s), including any Taxes imposed or collected by a taxing authority with jurisdiction over Buyer. Buyer shall indemnify, defend and hold harmless Seller from any Claims for such Taxes.

6.2. New Taxes. A. If (i) a New Tax occurs and (ii) Buyer or Seller would be responsible for such New Tax if it were a Tax under Section 5.1 and (iii) such New Tax is, due to and on the basis of laws, regulations and applicable contracts of Buyer effect as of the effective date of the New Tax, of the type which Buyer can pass directly through to, or be reimbursed by, another person or entity in the chain of Gas supply, such Buyer shall pay or cause to be paid, or reimburse Seller if Seller has paid, all such New Taxes and Buyer shall indemnify, defend and hold harmless Seller from any Claims for such Taxes; provided, if Buyer does not identify its contracts for long-term fixed sourcing in the ordinary course of its business and cannot identify applicable contracts, this Paragraph A shall not apply. B. If (i) a New Tax occurs and (ii) either Buyer or Seller would be responsible for such New Tax if it were a Tax under Section 6.1, and (iii) Paragraph A does not apply, such responsible Buyer or Seller (the "Taxed Party") shall be entitled to declare an Early Termination Date in accordance with the provisions of this Agreement subject to the following conditions: provided, prior to and including the initial Agreement Period (below defined) invoked under this Section 6.2, New Taxes shall be allocated as if they were Taxes as provided in Section 6.1: (a) the Taxed Party must give the non-Taxed Party at least 30 Days prior written notice (the "Agreement Period") of its intent to declare an Early Termination Date (and which notice shall be given no later than 90 Days after the later of the enactment or effective date of the relevant New Tax), and prior to the proposed Early Termination Date Buyer and Seller shall attempt to reach a mutual agreement as to the sharing of the New Tax, (b) if a mutual sharing agreement is not reached, the non-Taxed Party shall have the right, but not the obligation, upon written notice to the Taxed Party within the Agreement Period, to pay the New Tax for any continuous period it so elects on a Month to Month basis, and in such case the Taxed Party shall not have the right during such continuous period to declare the Early Termination Date on the basis of the New Taxes, (c) should the non-Taxed Party at its election agree to pay the New Tax on a Month to Month basis, then upon 30 Days prior written notice to the Taxed Party of its intention to cease payment of such New Tax, the Taxed Party shall then be liable for the payment of the New Tax and the Parties shall again be subject to this Section 6.2 as if the New Tax had an effective date as of the date the non-Taxed Party ceases payment of such New Tax, (d) if a mutual sharing agreement is not reached and the non-Taxed Party does not elect to pay the New Tax for any period of time within the Agreement Period, the Early Termination Date shall take effect and all Transactions must be terminated and be subject to the same Early Termination Date.

(e) the Early Termination Date shall be effected as if a Triggering Event had occurred and the Termination Payment calculated as set forth in Section 4.1 shall be payable; provided, both Seller and Buyer pursuant to Section 4.1 shall calculate their respective Termination Payments resulting from the termination of all Transactions as if they each were a Notifying Party; provided further, if the calculation of the Termination Payments results in either the non-Taxed Party's or the Taxed Party's having either a gain or loss (after netting its gains against its losses) the Parties shall share equally such net gain due, or be responsible to pay to the Party having the net loss, one-half of the Termination Payment and (f) such Termination Payment shall be payable as provided in Section 4.1 and its calculation shall be subject to arbitration as provided in the ENFOLIO General Provisions.

6.3. Cooperation. Upon request, a Party shall provide a certificate of exemption or other evidence of exemption from any Tax and each Party agrees to cooperate with the other in obtaining an exemption and minimizing Taxes payable in respect of all Transactions.

**ARTICLE 7. TITLE, RISK OF LOSS, INDEMNITY AND BALANCING** 7.1. Title, Risk of Loss and Indemnity. As between the Parties, Seller shall be deemed to be in exclusive control and possession of Gas Scheduled hereunder and responsible for any damage or injury caused thereby prior to the time the same shall have been delivered to Buyer. After delivery of Gas to Buyer at the Delivery Point(s), Buyer shall be deemed to be in exclusive control and possession thereof and responsible for any injury or damage caused thereby. Title to Gas Scheduled hereunder shall pass from Seller to Buyer at the Delivery Point(s). Seller and Buyer each assumes all liability for and shall indemnify, defend and hold harmless the other Party from any Claims, including injury to and death of persons, arising from any act or incident occurring when title to the Gas is vested in the indemnifying Party. IT IS THE INTENT OF THE PARTIES THAT THIS INDEMNITY AND THE LIABILITY ASSUMED UNDER IT BE WITHOUT REGARD TO THE CAUSE OR CAUSES THEREOF, INCLUDING, WITHOUT LIMITATION, THE NEGLIGENCE OF ANY INDEMNIFIED PARTY, WHETHER SUCH NEGLIGENCE BE SOLE, JOINT OR CONCURRENT, OR ACTIVE OR PASSIVE.

7.2. Correction of Imbalances, Cashouts and Penalties. Differences between Scheduled quantities and actual quantities delivered and received hereunder ("imbalances") will be corrected or settled in cash or Gas or by offset as the Parties agree. Additionally, in the event of (i) an imbalance on Buyer's Transporter's system caused by Seller or Seller's Transporter's delivery of less or more than the Scheduled quantity for any Gas Day (in which case Seller shall be the "Responsible Party") or (ii) an imbalance on Seller's Transporter's system caused by Buyer or Buyer's Transporter's receipt of more or less than the Scheduled quantity for any Gas Day (in which case Buyer shall be the "Responsible Party"), the Responsible Party shall be liable for and reimburse to the other Party any associated Transporter penalties or cashout costs and losses incurred by such other Party. In the event the tariff of either Buyer's or Seller's Transporter provides for cashouts on the basis of the aggregation of all overdeliveries and underdeliveries between such Transporter and Buyer or Seller, respectively (the "Aggregate Transporter Imbalance"), and the nature of the imbalance (overdelivery or underdelivery) attributable to the Responsible Party is the same as the Aggregate Transporter Imbalance (overdelivery or underdelivery), the Responsible Party shall participate in the other Party's cashout settlement of the Aggregate Transporter Imbalance on the basis of only the Responsible Party's pro-rata share thereof.

**ARTICLE 8. MISCELLANEOUS** 8.1. Notices. All notices, including, without limitation, consents, and communications made pursuant to this Agreement shall be made as specified in Exhibit "A." Notices required to be in writing shall be delivered in written form by letter, facsimile or other documentary form. Notice by facsimile or hand delivery shall be deemed to have been received by the close of the Business Day on which it was transmitted or hand delivered (unless transmitted or hand delivered after close in which case it shall be deemed received at the close of the next Business Day) or such earlier time confirmed by the receiving Party. Notice t

overnight mail or courier shall be deemed to have been received two Business Days after it was sent or such earlier time confirmed by the receiving Party. Any notices given hereunder in respect of the declaration of an Early Termination Date shall be also addressed and sent to the attention of the Corporate Secretary of Buyer or Seller at the notice address in Exhibit "A". Any Party may change its addresses by providing notice of same in accordance herewith.

**8.2. Transfer.** This Agreement, including, without limitation, each indemnification, shall inure to and bind the permitted successors and assigns of the Parties; provided, neither Party shall transfer this Agreement without the prior written approval of the other Party which may be withheld entirely at the option of such Party; provided further, either Party may transfer its interest to any parent or affiliate by assignment, merger or otherwise without the prior approval of the other Party. But no such transfer shall operate to relieve the transferor Party of its obligations hereunder. Any Party's transfer in violation of this Section 8.2 shall be void.

**8.3. Limitation of Remedies, Liability and Damages and Mitigation.** THE PARTIES DO HEREBY CONFIRM THAT THE EXPRESS REMEDIES AND MEASURES OF DAMAGES PROVIDED IN THIS AGREEMENT SATISFY THE ESSENTIAL PURPOSES HEREOF. FOR BREACH OF ANY PROVISION FOR WHICH AN EXPRESS REMEDY OR MEASURE OF DAMAGES IS HEREIN PROVIDED, SUCH EXPRESS REMEDY OR MEASURE OF DAMAGES SHALL BE THE SOLE AND EXCLUSIVE REMEDY HEREUNDER. THE OBLIGOR'S LIABILITY SHALL BE LIMITED AS SET FORTH IN SUCH PROVISION AND ALL OTHER REMEDIES OR DAMAGES AT LAW OR IN EQUITY ARE WAIVED. IF NO REMEDY OR MEASURE OF DAMAGES IS EXPRESSLY HEREIN PROVIDED, THE OBLIGOR'S LIABILITY SHALL BE LIMITED TO DIRECT ACTUAL DAMAGES ONLY, SUCH DIRECT ACTUAL DAMAGES SHALL BE THE SOLE AND EXCLUSIVE REMEDY HEREUNDER AND ALL OTHER REMEDIES OR DAMAGES AT LAW OR IN EQUITY ARE WAIVED. SEE RIDER ANTICIPATORY REPUDIATION UNLESS EXPRESSLY HEREIN PROVIDED. NEITHER PARTY SHALL BE LIABLE FOR CONSEQUENTIAL, INCIDENTAL, PUNITIVE, EXEMPLARY OR INDIRECT DAMAGES, IN TORT, CONTRACT, UNDER ANY INDEMNITY PROVISION OR OTHERWISE. NOTWITHSTANDING ANY OTHER PROVISION IN THIS AGREEMENT, IN NO EVENT SHALL EITHER PARTY BE LIABLE FOR ANY PENALTIES OR CHARGES ASSESSED BY ANY TRANSPORTER OR OTHER ENTITY FOR THE UNAUTHORIZED RECEIPT OF GAS BY THE OTHER PARTY. IT IS THE INTENT OF THE PARTIES THAT THE LIMITATIONS HEREIN IMPOSED ON REMEDIES AND THE MEASURE OF DAMAGES BE WITHOUT REGARD TO THE CAUSE OR CAUSES RELATED THERETO, INCLUDING, WITHOUT LIMITATION, THE NEGLIGENCE OF ANY PARTY, WHETHER SUCH NEGLIGENCE BE SOLE, JOINT OR CONCURRENT, OR ACTIVE OR PASSIVE. TO THE EXTENT ANY DAMAGES REQUIRED TO BE PAID HEREUNDER ARE LIQUIDATED, THE PARTIES ACKNOWLEDGE THAT THE DAMAGES ARE DIFFICULT OR IMPOSSIBLE TO DETERMINE, OTHERWISE OBTAINING AN ADEQUATE REMEDY IS INCONVENIENT AND THE LIQUIDATED DAMAGES CONSTITUTE A REASONABLE APPROXIMATION OF THE HARM OR LOSS. BUYER ACKNOWLEDGES THAT IT HAS ENTERED INTO THIS AGREEMENT AND IS CONTRACTING FOR THE GOODS TO BE SUPPLIED BY SELLER BASED SOLELY UPON THE EXPRESS REPRESENTATIONS AND WARRANTIES HEREIN SET FORTH AND SUBJECT TO SUCH REPRESENTATIONS AND WARRANTIES. BUYER ACCEPTS SUCH GOODS "AS-IS" AND "WITH ALL FAULTS." SELLER EXPRESSLY NEGATES ANY OTHER REPRESENTATION OR WARRANTY, WRITTEN OR ORAL, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ANY REPRESENTATION OR WARRANTY WITH RESPECT TO CONFORMITY TO MODELS OR SAMPLES, MERCHANTABILITY, OR FITNESS FOR ANY PARTICULAR PURPOSE. EACH PARTY HEREBY WAIVES ALL RIGHTS UNDER, ARISING OUT OF OR ASSOCIATED WITH TEXAS & BUSINESS COMMERCE CODE SECTIONS 17.41 THROUGH 17.53 KNOWN AS THE DECEPTIVE TRADE PRACTICES-CONSUMER PROTECTION ACT TO THE EXTENT ALLOWED BY LAW. The Parties acknowledge the duty to mitigate damages hereunder. In this connection, the Parties recognize that the ability to effectuate arrangements for the sale or purchase of Gas is conditioned upon the volatility of Gas markets, the creditworthiness and reliability of potential customers, the complexity and size of the portfolios of contracts managed by each Party and the need to conduct market business in an orderly manner. Therefore, the Parties agree that (i) three Business Days is a commercially

reasonable period to purchase or sell Gas in respect of a Seller's or Buyer's Deficiency Default and (ii) three Business Days after the end of the Month in which the Early Termination Date occurs is a commercially reasonable period after establishment of an Early Termination Date to determine the Termination Payment provided, notwithstanding the foregoing, if Gas volumes made the basis of a Seller or Buyer's Deficiency Default or a Party's determination of the Termination Payment are in excess of 20,000 MMBtu/Gas Day, the Parties recognize that a longer period may originally be required to effectuate cover or determine the Termination Payment in an orderly manner so as not to adversely affect the Gas market. Each Party shall utilize its discretion, with commercially reasonable foresight, to adjust the timing and staggering of the purchases or sales of Gas volumes in its efforts to mitigate damages. No claim that a Party failed to mitigate damages shall be grounded solely on the basis of counter Gas market movement.

**8.4. Winding Up Arrangements.** Upon the expiration of the Parties' sale or purchase obligations under this Agreement, any monies, penalties or other charges due and owing Seller shall be paid, any corrections or adjustments to payments previously made shall be determined, and any refunds due Buyer made, within 60 Days. Any imbalances in receipts or deliveries shall be corrected to zero balance within 60 Days. All indemnity obligations and audit rights shall survive the termination of this Agreement. The Parties' obligations provided in this Agreement shall remain in effect for the purpose of complying herewith.

**8.5. Applicable Law.** THIS AGREEMENT AND EACH TRANSACTION AND THE RIGHTS AND DUTIES OF THE PARTIES ARISING OUT OF THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED, ENFORCED AND PERFORMED IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, WITHOUT REGARD TO PRINCIPLES OF CONFLICTS OF LAW. THE PARTIES AGREE THAT THIS AGREEMENT AND ALL TRANSACTIONS SHALL BE ACCEPTED AND FORMED UNDER THE LAWS OF THE STATE OF TEXAS ACCORDING TO THE PROCEDURES HEREIN SET FORTH.

**8.6. Document, Record Retention and Evidence.** This Agreement, the Exhibits and Appendices hereto, if any, and each Transaction constitute the entire agreement between the Parties relating to the subject matter contemplated by this Agreement. There are no prior or contemporaneous agreements or representations (whether oral or written) affecting the subject matter other than those herein expressed. Other than with respect to Transactions entered into in accordance with the procedures set forth in this Agreement and as otherwise herein expressly stated (the "Transaction Procedures"), no amendment or modification to this Agreement shall be enforceable, unless reduced to writing and executed by both Parties. The conduct of the Parties in accordance with the Transaction Procedures shall evidence a course of dealing and a course of performance accepted by the Parties in furtherance of this Agreement and all Transactions entered into by the Parties. The provisions of this Agreement shall not impart rights enforceable by any person, firm or organization not a Party or not bound as a Party, or not a permitted successor or assignee of a Party bound to this Agreement. Except as otherwise herein stated, any provision, article or section declared or rendered unlawful by a court of law or regulatory agency with jurisdiction over the Parties or deemed unlawful because of a statutory change will not otherwise affect the lawful obligations that arise under this Agreement. The headings used for the Articles herein are for convenience and reference purpose only. All Exhibits and Appendices referenced in this Agreement, if any, are incorporated. Any original executed Agreement or Transaction Agreement may be photocopied and stored on computer tapes and disks (the "Imaged Agreement"). The Imaged Agreement, if introduced as evidence on paper, the Confirmation, if introduced as evidence in facsimile form, and the Transaction Tape, if introduced as evidence in its original form and as transcribed onto paper, in any judicial, arbitral, mediation or administrative proceedings, will be admissible as between the Parties in the same extent and under the same conditions as other business records originate and maintained in documentary form. Neither Party shall contest the admissibility of the Transaction Tape in its original form, or photocopies of the transcription thereof or photocopies of the Confirmation or the Imaged Agreement under either the business records exception to the hearsay rule or the best evidence rule on the basis that such were not originated or maintained in documentary form.

8.7. Confidentiality Each Party shall not disclose the terms of any Transaction to a third party (other than the Parties and its affiliates, employees, lenders, counsel or accountants who have agreed to keep such terms confidential) except in order to comply with any applicable law, order, regulation or exchange rule; provided, each Party shall notify the other Party of any proceeding of which it is aware which may result in disclosure and use reasonable efforts to prevent or limit the disclosure. The provisions of the Agreement other than the terms of any Transaction are not subject to this confidentiality obligation. The Parties shall be entitled to all remedies available at law or in equity to enforce, or seek relief in connection with, this confidentiality obligation; provided, all monetary damages shall be limited to actual direct damages.

The Parties have executed this Agreement in multiple counterparts to be construed as one effective as of the Effective Date.

**Alternate Price Redetermination** If any or all of the indices used to determine the Spot Price or the Contract Price are not available in the future, the Parties agree to promptly negotiate a mutually satisfactory alternate index for the Spot Price or Contract Price (each an "Alternate Price"). If the Parties cannot agree by the end of the first Month for which the Spot Price or Contract Price could not be determined, then Seller and Buyer shall each prepare a prioritized list of up to five alternative published reference postings or prices representative of spot prices for Gas delivered in the same geographic area. Each Party shall submit its list to the other within 10 Days after the end of the first Month for which the price could not be determined. The first listed index appearing in Seller's list that also appears in Buyer's list shall constitute the replacement index. If no common indices appear on the lists, each Party shall submit a new list adding two indices within 10 Days. If either Party fails to provide timely a list, such Party's list shall not be considered. From and after the "Renegotiation Date," which shall be the date the Spot Price or Contract Price is no longer available, until the Alternate Price is determined, the Alternate Price shall be the average of the Spot Price(s) or Contract Price(s) in effect during the 12 Months preceding the Month in which the Renegotiation Date occurred, which price shall be effective until the Alternate Price is determined. Upon determination of a new Alternate Price, the Spot Price or Contract Price, as applicable, will be adjusted retroactively to the Renegotiation Date.

**Effect of Waiver or Consent** No waiver or consent by either Party, express or implied, of any one or more defaults by the other Party in the performance of any provision of this Agreement shall operate or be construed as a waiver or consent of any other default or defaults whether of a like or different nature. Failure by a Party to complain of any act of the other Party or to declare the other Party in default with respect to this Agreement, regardless of how long that failure continues, shall not constitute a waiver by that Party of its rights with respect to that default until the applicable statute of limitations period has run.

**Indemnifications** With respect to each indemnification included in this Agreement the indemnity is given to the extent authorized by law and the following provisions shall be considered applicable. The Indemnified Party shall promptly notify the Indemnifying Party in writing of any Claim and the Indemnifying Party shall have the right to assume the investigation and defense thereof, including the employment of counsel, and shall be obligated to pay the related attorneys' fees; provided, the Indemnified Party shall have the right to employ separate counsel and participate in the defense of any Claim, however, the attorneys' fees of such counsel shall be paid by the Indemnified Party unless the employment of such counsel has been consented to in writing by the Indemnifying Party or the Indemnifying Party has failed to assume the defense and employ counsel in a timely manner; provided further, if the named parties to any Claim include both Parties, and the Indemnified Party shall have been advised by counsel that there may be a legal defense available to it which is different from those available to the Indemnifying Party, the Indemnified Party may elect to employ separate counsel at the expense of the Indemnifying Party, in which case the Indemnifying Party shall pay all attorneys' fees of such counsel and shall not have the right to assume the defense of the Claim on behalf of the Indemnified Party. The Parties shall use reasonable efforts to cooperate in the defense of any Claim. The Indemnifying Party shall not be liable for any settlement of a Claim without its express written consent thereto. The Indemnified Party shall reimburse the Indemnifying Party for payments made or costs incurred in respect of an indemnity with the proceeds of any judgment, insurance, bond, surety or other recovery made with respect to an event covered by the indemnity.

**Arbitration** Any dispute or need of interpretation arising out of this Agreement pertaining to the calculation of a Termination Payment shall be submitted to binding arbitration by one arbitrator with over eight years of professional experience in the

commodity futures, energy derivative products and the Gas industry and who has not previously been employed by either Party, and does not have a direct or indirect interest in either Party or the subject matter of the arbitration. Such arbitrator shall either be as mutually agreed by the Parties within 30 Days after written notice from either Party requesting arbitration or failing agreement, shall be selected under the expedited rules of the American Arbitration Association (the "AAA") using the above criteria. Such arbitration shall be held in alternating locations of the home offices of Seller and Buyer, commencing with Seller's office. The rules of the AAA shall apply to the extent not inconsistent with the rules herein specified. Either Party may initiate arbitration by written notice to the other Party and the arbitration shall be conducted according to the following: (i) not later than seven Days prior to the hearing date set by the arbitrator each Party shall submit a brief with a single dollar figure for settlement, (ii) the hearing shall be conducted on a confidential basis without continuance or adjournment, (iii) the arbitrator shall be limited to selecting only one of the two figures submitted by the Parties, (iv) each Party shall divide equally the cost of the hearing and each shall be responsible for its own expense; and those of its counsel and representatives and (v) evidence concerning the financial position or organizational make-up of the Parties, any offer made or the details of any negotiation prior to arbitration and the cost to the Parties of their representative and counsel shall not be permissible.

**Authority for Transactions** Each Party represents to the other Party that each of its employees has authority to enter into Transactions pursuant to this Agreement or its behalf. Identification and authority of a Party's employee engaging in a recorded telephonic Transaction shall be conclusively established for all purposes by a statement on the Transaction Tape by the employee of the employee's name and the Party's Identification Code; provided, failure to state either the employee name or the Identification Code shall not evidence any lack of authority of the employee to effectuate and form a Transaction.

### CONFIRMATION LETTER

This Confirmation Letter shall confirm the verbal agreement reached on December 9, 1996, (the "Effective Time"), between Enron Capital & Trade Resources Corp. ("ECTR") and Enron Capital & Trade Resources Canada Corp. ("ECT Canada"), regarding the sale and purchase of natural gas under the following terms and conditions:

ECTR (Buyer) shall purchase and receive; ECT Canada (Seller) shall sell and deliver.

- I. CONDITIONS PRECEDENT:** The obligations of Buyer and Seller, respectively, to deliver and sell and to take and purchase Gas as provided for in this Confirmation Letter, shall not arise prior to the satisfaction of each of the following conditions precedent ((a), (b) and (c) below, collectively, the "Conditions Precedent"):
- (a) Buyer or Seller shall have obtained all approvals and firm transportation agreements necessary (i) to transport the MaxDQ (as defined in the "Poco Confirm", defined below) on the facilities of TransCanada PipeLines Limited ("TCPL") from Empress to Niagara, Ontario, at the interconnect of TCPL and National Fuel Gas Supply Corporation ("National Fuel") and (ii) to transport the MaxDQ (as defined in this Confirmation Letter) on National Fuel from Niagara to Leidy, Pennsylvania, each for the Period of Delivery (the two transportation components referred to collectively as the "Transportation Arrangement"); and
  - (b) Poco Petroleum Ltd. ("Poco") shall have obtained all regulatory approvals necessary to remove the MaxDQ from Alberta, and Buyer or Seller shall have obtained all regulatory approvals necessary (i) to export the MaxDQ from Canada, and (ii) to import the MaxDQ to the United States.
  - (c) The Parties agree that Seller's supplier, Poco Petroleum Ltd. ("Poco"), pursuant to a Confirmation Letter dated December 9, 1996, between Seller and Poco (the "Poco Confirm"), intends to use a short-term removal permit that it currently holds for commencement of deliveries under the Poco Confirm and that Poco will seek to renew the permit as required to remove Gas from the Province of Alberta throughout the Period of Delivery. If either the NEB, in its consideration of an application for facilities expansion and in its consideration of an application for a long-term export permit for this

Transaction, or the Department of Energy ("DOE"), in its consideration of an application for an import permit, require POCO to obtain a long-term removal permit, covering the entire Period of Delivery, then POCO is required, under the terms of the POCO Confirm to use best efforts to obtain such a long-term removal permit, failing which, it shall be considered to be a failure to meet a condition precedent under the POCO Confirm and it shall also be considered to be a failure to meet a condition precedent hereunder. If the NEB and DOE do not require POCO to obtain such a long-term removal permit, and POCO and Seller begin performance under the POCO Confirm on the basis of POCO's current short-term permit and the Parties begin performance of this Transaction and subsequently, at any time during the Period of Delivery, POCO is unable to renew its short-term removal permit to allow it to complete performance of its obligations for the Period of Delivery in the POCO Confirm, then such circumstances shall be considered to be a Triggering Event under the Master Agreement between ECTR and ECT Canada (defined below), and the demand charges on National Fuel shall be included in calculating the Termination Payment.

Buyer and Seller each warrant that it will use all reasonable efforts to fulfill the Conditions Precedent. Buyer and Seller shall inform each other forthwith in writing upon the Conditions Precedent having been met and shall cooperate in fulfilling the Conditions Precedent. If by October 1, 1997, the Conditions Precedent have not been met, then either Buyer or Seller may terminate the Transaction under this Confirmation Letter by giving written notice thereof to the other Party hereto prior to October 3, 1997.

- II. MaxDQ: 15,388 Mcf (435.9 10<sup>3</sup>m<sup>3</sup>) per Day.
- III. LOAD FACTOR: 100%
- IV. MinPQ: MaxDQ multiplied by the Load Factor, multiplied by the number of Days in the applicable Month
- V. DELIVERY POINT: At the interconnect between TCPL and National Fuel on the Canadian side of the international border at Niagara, Ontario.
- VI. CONTRACT PRICE: The Contract Price, for each delivery Month shall be a price in U.S. dollars per MMBtu equal to: the Leidy Index minus the Actual Tariff where:  
"Leidy Index" means the price for the applicable delivery Month in U.S. dollars per MMBtu published in the first issue in that Month by *Inside F.E.R.C.'s Gas Market Report*, in the table entitled "Prices of Spot Gas Delivered to Pipelines", in the column for "Index" in the row for "CNG Transmission Corp. Appalachia"; and where:  
"Actual Tariff" means the FERC-approved maximum per unit tariff effective for the delivery Month, for firm transportation service from Niagara, Ontario, to Leidy, Pennsylvania on National Fuel times the number of units of gas delivered by Seller to Buyer at the Delivery Point. The Actual Tariff shall include but not be limited to, demand charges, commodity charges, delivery pressure charges and all other applicable charges.  
"FERC" means the Federal Energy regulatory Commission of the United States.
- VII. PERIOD OF DELIVERY: (a) Subject to part (b) below, the Period of Delivery shall commence at 08:00h November 1, 1997, and terminate at 08:00h November 1, 2007.

(b) If the commencement of firm service by either TCPL (for the Transaction in the POCO Confirm) or National Fuel, or both, pursuant to TCPL's expansion to Niagara, Ontario, and National Fuel's expansion to Leidy, Pennsylvania, for the MaxDQ under the POCO Confirm and this Confirmation Letter is delayed beyond November 1, 1997, then the Period of Delivery shall commence on the date that such service by TCPL and National Fuel commences (the "Service Commencement Date"), and the Period of Delivery shall terminate at 08:00h on the date that is ten years from and after the Service Commencement Date.

**VIII. AMENDMENTS  
TO THE MASTER  
AGREEMENT:**

For the purpose of this Confirmation Letter, the Master Agreement (defined below) shall be amended as follows:

1. Article 5 of the Master Agreement shall be deleted and replaced with the following:

"This Article 5 is the sole and exclusive excuse for non-performance permitted under this Confirmation Letter, and all other excuses at law or in equity are waived. Except with regard to payment obligations, in the event either Party is rendered unable, wholly or in part, by Force Majeure to carry out its obligations under this Agreement, it is agreed that upon such Party's giving notice and full particulars of such Force Majeure to the other Party as soon as reasonably possible, such notice to be confirmed in writing, then the obligations of the Party giving such notice, to the extent that they are affected by such Force Majeure, shall be suspended, from its inception during the continuance of the Force Majeure."

"Force Majeure" means only a curtailment of firm service or an interruption of firm service occurring with respect to the interconnection point of the facilities of TCPL and National Fuel at Niagara, Ontario; provided, however, Seller shall, in addition, have the right to declare Force Majeure if there is (i) a curtailment of firm service or an interruption of firm service by NOVA of NOVA Inventory Transfer Service ("NIT") which affects all NOVA shippers who had nominated for deliveries or receipts to take place by NIT on that Day, or (ii) a curtailment of firm service or an interruption of firm service occurring with respect to the facilities of NOVA, at Empress, Alberta, or (iii) a curtailment of firm service or an interruption of firm service with respect to the facilities of TCPL at Empress, Alberta, or Niagara, Ontario, or any point between the two, and provided, however, Buyer shall, in addition, have the right to declare Force Majeure if there is a curtailment or interruption of firm service with respect to the facilities of National Fuel at Niagara, Ontario, or Leidy, Pennsylvania, or any point between the two. On any Day that Force Majeure applies, both Parties' obligations to deliver and receive Gas shall be reduced by the same percentage that the applicable transporter interrupts or curtails firm service at a point mentioned in the previous sentence on such Day.

**IX. OTHER:** 1. For purposes of energy conversions, one MMBtu shall be equal to 1.054615 GJ's.

2. If, with respect to the National Fuel expansion capacity contemplated by the Poco Confirm and this Confirmation Letter, the FERC-approved maximum tariff for National Fuel is based on any tolling methodology other than rolled-in tolling, then Seller may terminate the Transaction under this Confirmation Letter by giving written notice thereof to Buyer prior to October 3, 1997.

3. If the 435.9 10<sup>3</sup>m<sup>3</sup> plus Fuel Gas firm capacity on TCPL referred to in the Poco Confirm is assigned as contemplated therein, then commencing on the date upon which the transportation capacity is assigned, the MaxDQ for each Day under this Confirmation Letter shall be the identical quantity of Gas delivered by Poco to ECT Canada at Niagara on such Day. Seller shall pay Buyer in consideration of receiving this additional flexibility, on the tenth day immediately following the assignment, the first of three installment payments, each of which shall be equal to US \$104,166.50. The second and third such installment payments shall be paid by Seller on the first and second anniversaries of the first payment.

4. For purposes of converting from Mcf to MMBtu, or vice versa, the posted MMBtu to Mcf heat value posted by TCPL for Niagara, Ontario, for the applicable delivery Month shall be used.

5. If the Transaction in the Poco Confirm is terminated for any reason, such termination shall constitute a Triggering Event under the Master Agreement between ECTR and ECT Canada; provided, however, ECTR or ECT Canada (whichever is the Notifying Party) shall only be entitled to terminate the Transaction under this Confirmation Letter as a result of such Triggering Event.

This Confirmation Letter is being provided pursuant to the Master Firm Gas Purchase/Sale Agreement dated June 1, 1994 (the "Agreement"), between ECTR and ECT Canada, and constitutes part of and is subject to all of the terms and provisions of such Agreement.

Please confirm that the terms stated herein accurately reflect the agreement between ECTR and ECT Canada by returning an executed copy of this Confirmation Letter by facsimile to ECT Canada. We would appreciate it if you would send your fax back to us within one hour after you receive this letter. Thank you for your timely cooperation.

ENRON CAPITAL & TRADE RESOURCES

FE DOCKET NO. 97-20-NG

ORDER GRANTING LONG-TERM AUTHORIZATION TO  
IMPORT NATURAL GAS FROM CANADA

DOE/FE ORDER NO. 1260

MARCH 7, 1997

72

I. DESCRIPTION OF REQUEST

On February 14, 1997, Enron Capital & Trade Resources Corp. (ECT) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),<sup>1/</sup> and DOE Delegation Order Nos. 0204-111 and 0204-127, for authorization to import from Canada up to 15,400 MMcf of natural gas per day (up to approximately 5.6 Bcf annually). The term of the authorization would be for a period commencing November 1, 1997, and terminating on November 1, 2007. ECT is a Delaware corporation and wholly owned subsidiary of Enron Corp. Its principal place of business is located in Houston, Texas. ECT, the successor to Enron Gas Marketing, Inc., is one of the largest buyers and sellers of natural gas in North America. ECT is the parent corporation of Enron Capital & Trade Resources Canada Corp. (ECT Canada), which is the purchaser of the natural gas subject to this application from a supplier, POCO Petroleum Ltd. (Poco), in the Province of Alberta.

ECT proposes to import the natural gas from Canada at a point near Niagara, in the Province of Ontario. However, ECT may wish to bring these volumes into the U.S. at other points along the U.S.-Canada border from time to time. In order to retain flexibility, ECT requests that the import authorization not be restricted to a single point of importation.

The natural gas to be imported would be produced in Alberta, and would be transported to market through Nova Gas Transmission

---

1/ 15 U.S.C. § 717b.

Limited (NOVA), TransCanada PipeLines Limited (TCPL) and National Fuel Gas Supply Corporation (National Fuel). The gas would flow on NOVA to Empress, Alberta, to the interconnect with TCPL, and then across Canada on the pipeline facilities of TCPL to the interconnect of TCPL and National Fuel at Niagara, Ontario. ECT would purchase the gas from ECT Canada on the Canadian side of the international border at a point near the interconnect between TCPL and National Fuel. The gas would continue to flow on the pipeline facilities of National Fuel to the interconnect of National Fuel and Transco in Leidy, Pennsylvania. The gas will then be delivered to markets or to interconnecting pipeline systems for delivery to markets in the northeastern U.S.

ECT would purchase the gas supplies from ECT Canada under an Enfolio Master Purchase/Sale Agreement (Master Agreement) dated June 1, 1994. The import arrangement contemplated is subject to the Master Agreement pursuant to a confirmation letter between ECT and ECT Canada dated December 31, 1996. The December 31, 1996, Confirmation Letter provides for the sale by ECT Canada to ECT of 15,400 MMBtu's of gas per day to be delivered at the U.S.-Canada border near Niagara for the period from November 1, 1997, up to November 1, 2007. To acquire this gas, ECT Canada entered into a purchase arrangement with POCO, under a Master Firm Gas Purchase/Sale agreement dated April 3, 1996, with a Confirmation Letter dated December 9, 1996. POCO will sell ECT Canada a maximum daily quantity of gas up to 15,400 MMBtu's per day, plus

fuel gas, in Alberta for a period coinciding with term of the proposed import.

The agreed price to be paid to ECT Canada for the gas would be a price in U.S. dollars per MMBTU equal to the price for the applicable delivery month published in Inside F.E.R.C.'s Gas Market Report, in the table entitled "Prices of Spot Gas Delivered to Pipelines", in the column for "Index" in the row for "CNG Transmission Corp. Appalachia", minus the Federal Energy Regulatory Commission's approved maximum per unit tariff effective for the delivery month, for firm transportation service from Niagara, Ontario, to Leidy, Pennsylvania on National Fuel times the number of units of gas delivered by ECT Canada to ECT. If ECT fails to schedule the minimum daily quantity or daily contract quantity, ECT shall pay a deficiency charge to ECT Canada.

## II. FINDING

The application filed by ECT has been evaluated to determine if the proposed import arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import of natural gas from a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by ECT to import natural gas from Canada, a nation with which a free trade agreement is in effect, meets the

section 3(c) criterion and, therefore, is consistent with the public interest.

ORDER

Pursuant to section 3 of the Natural Gas Act, it is ordered that:

A. Enron Capital & Trade Resources Corp. (ECT) is authorized to import up to 15,400 MMcf of natural gas per day from Canada commencing November 1, 1997, and terminating November 1, 2007. This natural gas shall be imported under a purchase and sale arrangement between ECT and Enron Capital & Trade Resources Canada Corp. dated June 1, 1994, which was confirmed by a letter agreement dated December 31, 1996. The natural gas may be imported at any point on the border of the United States and Canada.

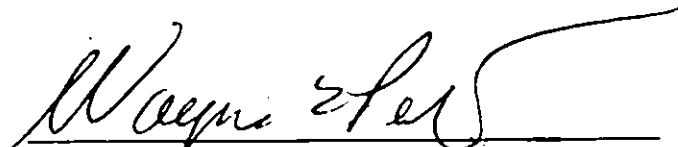

B. Within two weeks after deliveries begin, ECT shall provide written notification to the Office of Natural Gas & Petroleum Import and Export Activities, Fossil Energy, Room 3F-056, FE-50, Forrestal Building, 1000 Independence Avenue, S.W., Washington, D.C. 20585, of the date that the first import of natural gas authorized in Ordering Paragraph A above occurred.

C. With respect to the natural gas imports authorized by this Order, ECT shall file with the Office of Natural Gas & Petroleum Import and Export Activities, within 30 days following each calendar quarter, quarterly reports indicating whether imports of natural gas have been made. Quarterly reports must be

filed whether or not initial deliveries have begun. If no imports of natural gas have been made, a report of "no activity" for that calendar quarter must be filed. If imports have occurred, ECT must report total monthly volumes in Mcf and the average purchase price of gas per MMBtu delivered at the international border. Whenever imports have occurred at an entry point other than Niagara, Ontario, these volumes and prices must be reported separately. In addition, ECT shall provide to the extent possible, a breakdown of the import volume showing the amount sold in each state to each of its customers.

D. The first quarterly report required by Ordering Paragraph C of this Order is due not later than January 30, 1998, and should cover the period from November 1, 1997, until the end of the fourth calendar quarter, December 31, 1997..

Issued in Washington, D.C., on March 7, 1997.

Re: Enron Capital & Trade Resources Corp. Authorization to  
Import Natural Gas from Canada, FE Docket 97-20-NG

Dear Mr. Kripowicz:

Please be advised that Enron North America Corp., formerly known as Enron Capital & Trade Resources Inc., no longer requires the authorization contained in Order No. 1260, issued March 7, 1997, as the commercial transaction between Enron Capital & Trade Resources Inc. and Enron Capital & Trade Resources Canada Corp., underlying the authorization, has been terminated. This is consistent with the fact that zero volumes have been reported to the Department of Energy under this Order for some time.

In view of the above, Enron North America Corp. requests that the Office of Fossil Energy terminate the authorization in FE Docket 97-20-NG.

If you have any questions, please contact Leslie Lawner at (505) 623-6778.

Yours truly,

ENRON NORTH AMERICA CORP.
