ORDER GRANTING BLANKET AUTHORIZATION
TO IMPORT AND EXPORT NATURAL GAS FROM AND TO CANADA

DOE/FE ORDER NO. 1267

APRIL 17, 1997

I. DESCRIPTION OF REQUEST _____

On April 9, 1997, MASSPOWER filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA)^{1/} and DOE Delegation

Order Nos. 0204-111 and 0204-127, for blanket authorization to import and export up to a combined total of 20 Bcf of natural gas from and to Canada. The term of the authorization would be for a period of two years beginning on the date of first delivery after May 12, 1997.^{2/} MASSPOWER, is a Massachusetts general

partnership with its principal place of business in Boston, Massachusetts. MASSPOWER states that the import and export arrangements will be competitive with market conditions. The requested authorization does not involve the construction of new pipeline facilities.

II. FINDING _____

The application filed by MASSPOWER has been evaluated to determine if the proposed import/export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. gas from or to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by MASSPOWER to import and export natural gas from and to Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This blanket order authorizes transactions under contracts with terms of no longer than two years.

ORDER

Pursuant to section 3 of the Natural Gas Act, it is ordered that:

A. MASSPOWER is authorized to import and export up to a combined total of 20 Bcf of natural gas from and to Canada over a two-year term, beginning on the date of first import or export delivery after May 12, 1997, whichever occurs first. This natural gas may be imported and exported at any U.S./Canada border point.

B. Within two weeks after deliveries begin, MASSPOWER shall provide written notification to the Office of Natural Gas & Petroleum Import and Export Activities, Fossil Energy, Room 3F-056, FE-50, Forrestal Building, 1000 Independence Avenue, S.W., Washington, D.C. 20585, of the date that the first import or

export delivery of natural gas authorized in Ordering Paragraph A above occurred.

C. With respect to the natural gas imports and exports authorized by this Order, MASSPOWER shall file with the Office of Natural Gas & Petroleum Import and Export Activities, within 30 days following each calendar quarter, quarterly reports indicating whether imports or exports of natural gas have been made. Quarterly reports must be filed whether or not initial deliveries have begun. If no imports or exports of natural gas have been made, a report of "no activity" for that calendar quarter must be filed. If imports or exports have occurred, MASSPOWER must report the following: (1) total monthly volumes in Mcf; (2) the average monthly purchase price of gas per MMBtu at the international border; (3) the name of the seller(s); (4) the name of the purchaser(s); (5) the estimated or actual duration of the agreement(s); (6) the name of the United States transporter(s); (7) the point(s) of entry and exit; and (8) the geographic market(s) served (for imports, by state). For import transactions only, the report shall also include: (1) whether sales are being made on an interruptible or firm basis; and, if applicable, (2) the per unit (MMBtu) demand/commodity/reservation charge breakdown of the contract price.

D. The first quarterly report required by Ordering Paragraph C of this Order is due not later than July 30, 1997,

and should cover the period from May 13, 1997, until the end of the second calendar quarter, June 30, 1997.

Issued in Washington, D.C., on April 17, 1997.
