BAY STATE GAS COMPANY

FE DOCKET NO. 97-112-NG

ORDER GRANTING BLANKET AUTHORIZATION TO  
IMPORT NATURAL GAS  
FROM CANADA

DOE/FE ORDER NO. 1343

DECEMBER 17, 1997

## I. DESCRIPTION OF REQUEST

On December 10, 1997, Bay State Gas Company (Bay State) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),<sup>(1)</sup> and DOE Delegation Order Nos. 0204-111 and 0204-127, for blanket authorization to import up to 40 billion cubic feet (Bcf) of natural gas from Canada over a two-year term beginning on January 6, 1998.<sup>(2)</sup> Bay State, a Massachusetts corporation with its principal place of business in Westborough, Massachusetts, is a natural gas distributor that provides retail gas services to approximately 247,000 customers in southeastern, western and northeastern Massachusetts. Bay State will import the natural gas under short-term and spot market arrangements, either on its own behalf or as the agent for others. The requested authorization does not involve the construction of new pipeline facilities.

## II. FINDING

The application filed by Bay State has been evaluated to determine if the proposed import arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import of natural gas from a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Bay State to import natural gas from Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This blanket order authorizes transactions under contracts with terms of no longer than two years.

## ORDER

Pursuant to section 3 of the Natural Gas Act, it is ordered that:

A. Bay State Gas Company (Bay State) is authorized to import up to 40 Bcf of natural gas from Canada over a two-year term beginning January 6, 1998. This natural gas may be imported at any point on the border of the United States and Canada.

B. With respect to the natural gas imports authorized by this Order, Bay State shall file with the Office of Natural Gas & Petroleum Import and Export Activities, within 30 days following each calendar quarter, quarterly reports indicating whether imports of natural gas have been made. Quarterly reports must be filed whether or not initial deliveries have begun. If no imports of natural gas have been made, a report of "no activity" for that calendar quarter must be filed. If imports have occurred, Bay State must report total monthly volumes in Mcf and the average purchase price of gas per MMBtu at the international border. The reports shall also provide the details of each import transaction, including: (1) the name of the seller(s); (2) the name of the purchaser(s); (3) the estimated or actual duration of the agreement(s); (4) the name of the United States transporter(s); (5) the point(s) of entry; (6) the geographic market(s) served; (7) whether sales are being made on an interruptible or firm basis; and, if applicable, (8) the per unit (MMBtu) demand/commodity/reservation charge breakdown of the contract price.

C. Quarterly reports shall be filed with the Office of Natural Gas & Petroleum Import and Export Activities, Fossil Energy, Room 3F-056, FE-34, Forrestal Building, 1000 Independence Avenue, S.W., Washington, D.C. 20585.

D. The first quarterly report required by Ordering Paragraph B of this Order is due not later than April 30, 1998, and should cover the period from January 6, 1998, until the end of the first calendar quarter, March 31, 1998.

Issued in Washington, D.C., on December 17, 1997.
