ORDER GRANTING BLANKET AUTHORIZATION
TO IMPORT NATURAL GAS FROM CANADA

DOE/FE ORDER NO. 1482

MAY 19, 1999

I. DESCRIPTION OF REQUEST

On May 18, 1999, as amended by fax letter dated May 19, 1999, Dartmouth Power Associates Limited Partnership (Dartmouth) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE), under section 3 of the Natural Gas Act^{1/} (NGA) and DOE Delegation Order Nos. 0204-111 and 0204-127, for blanket authorization to import up to 11.68 billion cubic feet of natural gas from Canada over a two- year term beginning on May 7, 1999, and ending May 6, 2001.^{2/} Dartmouth is a Massachusetts limited partnership with its principal place of business in North Dartmouth, Massachusetts. Dartmouth would import the Canadian gas under competitive market conditions existing at the time or expected to prevail for the duration of the arrangement. The requested authorization does not involve the construction of new pipeline facilities.

II. FINDING

The application filed by Dartmouth has been evaluated to determine if the proposed import arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import or export of natural gas from or to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Dartmouth to import natural gas from Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This blanket order authorizes transactions under contracts with terms of no longer than two years.

^{1/} 15 U.S.C. § 717b.

^{2/} May 6, 1999, was the expiration date of Dartmouth's import authorization granted by DOE/FE Order No. 1268 on April 29, 1997 (1 FE ¶ 71,397).

B.
