ORDER GRANTING BLANKET AUTHORIZATION
TO IMPORT NATURAL GAS FROM CANADA

DOE/FE ORDER NO. 1497

JUNE 21, 1999

I. DESCRIPTION OF REQUEST

On June 18, 1999, Energetix, Inc. (Energetix) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act^{1/} (NGA) and DOE Delegation Order Nos. 0204-111 and 0204-127, for blanket authorization to import up to 250,000 million British thermal units (equivalent to 255 thousand cubic feet) of natural gas from Canada over a two-year term beginning on September 1, 1999. Energetix, a marketer of natural gas, is a New York corporation with its principal place of business in Rochester, New York. Energetix is an affiliate of Rochester Gas and Electric Corporation. Energetix states that it will import the gas under spot and short-term purchase arrangements and utilize transportation capacity on the Empire State Pipeline crossing into the United States at the Chippawa interconnection. The requested authorization does not involve the construction of new pipeline facilities.

II. FINDING

The application filed by Energetix has been evaluated to determine if the proposed import arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import or export of natural gas from or to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Energetix to import natural gas from Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This blanket order authorizes transactions under contracts with terms of no longer than two years.

^{1/} 15 U.S.C. § 717b.

ORDER

Pursuant to section 3 of the Natural Gas Act, it is ordered that:

B. With respect to the natural gas imports authorized by this Order, Energetix shall file with the Office of Natural Gas & Petroleum Import & Export Activities, Fossil Energy, within 30 days following each calendar quarter, reports indicating whether imports of natural gas have been made during that quarter.
