FE DOCKET NO. 99-77-NG

ORDER GRANTING BLANKET AUTHORIZATION TO IMPORT  
AND EXPORT NATURAL GAS FROM AND TO CANADA AND MEXICO

DOE/FE ORDER NO. 1524

OCTOBER 14, 1999

## I. DESCRIPTION OF REQUEST

On October 13, 1999, Texex Energy Partners, Ltd. (Texex) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act<sup>1/</sup> (NGA) and DOE Delegation Order Nos. 0204-111 and 0204-127, for blanket authorization to import and export up to a combined total of 73 billion cubic feet of natural gas from and to Canada and Mexico over a two-year term beginning on October 15, 1999. Texex, a marketer of natural gas, is a Texas limited partnership with its principal place of business in Houston, Texas. Texex will import and export the natural gas either on its own behalf or as the agent for others . The requested authorization does not involve the construction of new pipeline facilities.

## II. FINDING

The application filed by Texex has been evaluated to determine if the proposed import/export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import or export of natural gas from or to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Texex to import and export natural gas from and to Canada and Mexico, nations with which free trade agreements are in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This blanket order authorizes transactions under contracts with terms of no longer than two years.
