ORDER GRANTING BLANKET AUTHORIZATION
TO IMPORT AND EXPORT NATURAL GAS
FROM AND TO CANADA

DOE/FE ORDER NO. 1526

OCTOBER 18, 1999

I. DESCRIPTION OF REQUEST

On October 4, 1999, Western Gas Resources, Inc. (Western) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA) ^{1/} and DOE Delegation Order Nos. 0204-111 and 0204-127, for blanket authorization to import up to 73 Bcf of natural gas from Canada and to export up to 73 Bcf of natural gas to Canada. The term of the authorization would be for two years beginning November 26, 1999. ^{2/} Western is an independent natural gas gatherer, processor, and marketer with its principal place of business in Denver, Colorado. Western will import and export the natural gas under spot and short-term transactions, either on its own behalf or as the agent for others. The requested authorization does not involve the construction of new pipeline facilities.

II. FINDING

The application filed by Western has been evaluated to determine if the proposed import/export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import or export of natural gas from or to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Western to import and export natural gas from and to Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public
