ORDER GRANTING BLANKET AUTHORIZATION TO  
IMPORT NATURAL GAS  
FROM CANADA

DOE/FE ORDER NO. 1534

OCTOBER 28, 1999

## I. DESCRIPTION OF REQUEST

On October 15, 1999, United States Gypsum Company (U.S. Gypsum) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),<sup>1/</sup> and DOE Delegation Order Nos. 0204-111 and 0204-127, for blanket authorization to import up to 7,300,000 MMBtu<sup>2/</sup> of natural gas from Canada over a two year term beginning November 1, 1999, and extending through October 31, 2001.<sup>3/</sup> U.S. Gypsum's principal place of business is in Chicago, Illinois. The firm is a manufacturer of wall board and other products with plants located in more than 20 states. U.S. Gypsum intends to import natural gas from Canada for use by it or its affiliates in the United States. The proposed authorization does not involve the construction of new pipeline facilities.

## II. FINDING

The application filed by U.S. Gypsum has been evaluated to determine if the proposed import arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import of natural gas from a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by U.S. Gypsum to import natural gas from Canada, a nation with which a free trade agreement is in effect, meets the section
