ORDER GRANTING BLANKET AUTHORIZATION TO IMPORT
AND EXPORT NATURAL GAS FROM AND TO CANADA

DOE/FE ORDER NO. 1553

DECEMBER 10, 1999

I. DESCRIPTION OF REQUEST

On December 6, 1999, Vermont Gas Systems, Inc. (Vermont Gas) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act^{1/} (NGA) and DOE Delegation Order Nos. 0204-111 and 0204-127, for blanket authorization to import up to 20 billion cubic feet (Bcf) of natural gas from Canada and to export up to 20 Bcf of natural gas to Canada over a two-year term beginning on December 23, 1999, and extending through December 22, 2001.^{2/} Vermont Gas, a Vermont corporation, is a local distribution company whose principal place of business is in South Burlington, Vermont. Vermont Gas will import and export the gas under short-term and spot market purchase arrangements, either on its own behalf for system supply, or as the agent for others. The requested authorization does not involve the construction of new pipeline facilities.

II. FINDING

The application filed by Vermont Gas has been evaluated to determine if the proposed import/export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import or export of natural gas from or to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Vermont Gas to import and export natural gas from and to Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the
