ORDER GRANTING BLANKET AUTHORIZATION  
TO EXPORT NATURAL GAS  
TO MEXICO

DOE/FE ORDER NO. 1578

APRIL 07, 2000

## I. DESCRIPTION OF REQUEST

On March 28, 2000, Ductos de Nogales, USA, LLC. (Ductos) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA)<sup>1/</sup> and DOE Delegation Order Nos. 0204-111 and 0204-127, for blanket authorization to export up to 6.2 Bcf of natural gas to Mexico, over a two-year term beginning on the date of first delivery. Ductos is a Nevada corporation with its principal place of business in Las Vegas. Ductos plans to export the natural gas under short-term and spot market arrangements to new industrial and commercial markets in the Northern States of Mexico. The requested authorization does not involve the construction of new pipeline facilities.

## II. FINDING

The application filed by Ductos has been evaluated to determine if the proposed export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the export of natural gas from or to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas, is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Ductos to export natural gas to Mexico, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This blanket order authorizes transactions under contracts with terms of no longer than two years.
