ORDER GRANTING BLANKET AUTHORIZATION TO IMPORT
AND EXPORT NATURAL GAS FROM AND TO CANADA

DOE/FE ORDER NO. 1589

MAY 1, 2000

I. DESCRIPTION OF REQUEST

On May 1, 2000, Northwest Natural Gas Company (NW Natural) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE), under section 3 of the Natural Gas Act^{1/} (NGA) and DOE Delegation Order Nos. 0204-111 and 0204-127, for blanket authorization to import up to 150 billion cubic feet (Bcf) of natural gas from Canada and to export up to 150 Bcf of natural gas to Canada over a two-year term beginning on May 1, 2000.^{2/} NW Natural, an Oregon corporation with its principal place of business in Portland, Oregon, is a local distribution company which sells natural gas and related services to residential, commercial and industrial customers in northwest Oregon and southwest Washington. The applicant intends to import and export the gas under short-term and spot transactions, either on its own behalf or as the agent for others. The requested authorization does not involve the construction of new pipeline facilities.

II. FINDING

The application filed by NW Natural has been evaluated to determine if the proposed import/export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import or export of natural gas from or to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by NW Natural to import and export natural gas from and to Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the
