**ORDER GRANTING BLANKET AUTHORIZATION  
TO IMPORT NATURAL GAS FROM CANADA**

**DOE/FE ORDER NO. 1630**

**OCTOBER 16, 2000**

## I. DESCRIPTION OF REQUEST

On October 16, 2000, Numac Energy (U.S.) Inc. (Numac) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE), under section 3 of the Natural Gas Act<sup>1/</sup> (NGA) and DOE Delegation Order Nos. 0204-111 and 0204-127, requesting authority to import up to 50 billion cubic feet of natural gas from Canada over a two-year term beginning October 15, 2000.<sup>2/</sup> Numac, a Delaware corporation, is a wholly-owned subsidiary of Numac Energy Inc. The volumes will be imported by Numac under short-term or spot sales arrangements and will be responsive to current market conditions. The requested authorization does not involve the construction of new pipeline facilities.

## II. FINDING

The application filed by Numac has been evaluated to determine if the proposed import arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import or export of natural gas from or to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Numac to import natural gas from Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This blanket order authorizes transactions under contracts with terms of no longer than two years.

<sup>1/</sup> 15 U.S.C. § 717b.

<sup>2/</sup> October 14, 2000, was the expiration date of Numac's previous import authorization granted by DOE/FE Order No. 1433 on November 6, 1998 (2 FE ¶ 70,259).
