ORDER GRANTING BLANKET AUTHORIZATION TO
IMPORT AND EXPORT NATURAL GAS
FROM AND TO CANADA AND MEXICO

DOE/FE ORDER NO. 1652

NOVEMBER 20, 2000

I. DESCRIPTION OF REQUEST

On November 14, 2000, Coastal Merchant Energy, L.P. (CME) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA)^{1/} and DOE Delegation Order Nos. 0204-111 and 0204-127, for authorization to import up to a combined total of 600 Bcf of natural gas from Canada and Mexico, and to export up to a combined total of 150 Bcf of natural gas to Canada and Mexico, over a two-year term beginning on October 3, 2000. CME, a wholly-owned subsidiary of The Coastal Corporation, has its principal place of business in Houston, Texas. CME will import and export this gas under spot and short-term market transactions on its own behalf or as the agent for others. The proposed authorization does not involve the construction of new pipeline facilities.

II. FINDING

The application filed by CME has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import or export of natural gas from or to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by CME to import and export natural gas from and to Canada and Mexico, nations with which free trade agreements are in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This blanket order authorizes transactions under contracts with terms of no longer than two years.

^{1/} 15 U.S.C. § 717b.

ORDER

Pursuant to section 3 of the Natural Gas Act, it is ordered that:

B. This natural gas may be imported and exported at any point on the border between the United States and Canada, and the United States and Mexico.

C. With respect to the natural gas imports and exports authorized by this Order, CME shall file with the Office of Natural Gas & Petroleum Import & Export Activities, within 30 days following each calendar quarter, reports indicating whether imports or exports of natural gas have been made. If imports or exports of natural gas have not been made, a report of "no activity" for that calendar quarter must be filed. If imports or exports have occurred, CME must report the following: (1) total monthly volumes in Mcf; (2) the average monthly purchase price of gas per MMBtu at the international border; (3) the name of the seller(s); (4) the name of the purchaser(s); (5) the estimated or actual duration of the agreement(s); (6) the name of the U. S. transporter(s); (7) the point(s) of entry and exit; and (8) the geographic market(s) served (for imports, by State).
