**ORDER GRANTING BLANKET AUTHORIZATION
TO IMPORT NATURAL GAS FROM CANADA**

DOE/FE ORDER NO. 1657

DECEMBER 8, 2000

I. DESCRIPTION OF REQUEST

On December 8, 2000, Hunt Oil Company of Canada, Inc. (Hunt Oil) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act^{1/} (NGA) and DOE Delegation Order Nos. 0204-111 and 0204-127, for blanket authorization to import up to 6 billion cubic feet of natural gas from Canada over a two-year term beginning on December 1, 2000, and extending through November 30, 2002. Hunt Oil, with its principal place of business in Calgary, Alberta, is a wholly-owned subsidiary of Hunt Oil Company. The volumes will be imported by Hunt Oil under short-term or spot market sales arrangements that are competitive with market conditions. The requested authorization does not involve the construction of new pipeline facilities.

II. FINDING

The application filed by Hunt Oil has been evaluated to determine if the proposed import arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import or export of natural gas from or to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Hunt Oil to import natural gas from Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This blanket order authorizes transactions under contracts with terms of no longer than two years.

^{1/} 15 U.S.C. § 717b.

ORDER

Pursuant to section 3 of the Natural Gas Act, it is ordered that:

B. With respect to the natural gas imports authorized by this Order, Hunt Oil shall file with the Office of Natural Gas & Petroleum Import & Export Activities, Fossil Energy, within 30 days following each calendar quarter, reports indicating whether imports of natural gas have been made. If no imports have been made, a report of "no activity" for that calendar quarter must be filed. If imports have occurred, Hunt Oil must report total monthly volumes in Mcf and the average purchase price per MMBtu at the international border.
