ORDER GRANTING BLANKET AUTHORIZATION  
TO EXPORT NATURAL GAS  
TO CANADA

DOE/FE ORDER NO. 1682

MAY 21, 2001

## I. DESCRIPTION OF REQUEST

On May 4, 2001, Aquila Canada Capital and Trade Corp. (ACCT) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),<sup>1/</sup> and DOE Delegation Order Nos. 0204-111 and 0204-127, for blanket authority to export up to 200 billion cubic feet (Bcf) of natural gas to Canada, beginning on the date of first delivery. ACCT is an Alberta corporation with its principal place of business in Calgary, Alberta, Canada, and a marketer of natural gas in the United States and Canada. ACCT is a wholly-owned subsidiary of Aquila Canada Investments Corp., which is a wholly-owned subsidiary of Aquila Energy UK, Inc., which is a wholly-owned subsidiary of Aquila, Inc. Aquila, Inc. is owned 80 percent by UtiliCorp United Inc., and 20 percent by the public. ACCT intends to export the gas on its own account or as an agent for others. The requested authorization does not involve the construction of new pipeline facilities.

## II. FINDING

The application filed by ACCT has been evaluated to determine if the proposed export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the export of natural gas from or to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas, is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by ACCT to export natural gas to Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This blanket order authorizes transactions under contracts with terms of no longer than two years.
