**ORDER GRANTING BLANKET AUTHORIZATION  
TO IMPORT NATURAL GAS FROM CANADA**

**DOE/FE ORDER NO. 1723**

**OCTOBER 19, 2001**

## I. DESCRIPTION OF REQUEST

On October 16, 2001, PG&E Energy Trading, Canada Corporation (ET-Canada) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act<sup>1/</sup> (NGA) and DOE Delegation Order Nos. 0204-111 and 0204-127, for blanket authorization to import up to 150 billion cubic feet of natural gas from Canada over a two-year term beginning on the date of first import. ET-Canada, a marketer of natural gas, is an Alberta corporation with its principal place of business in Calgary, Alberta, Canada. ET-Canada is an indirect subsidiary of PG&E National Energy Group. The requested authorization does not involve the construction of new pipeline facilities.

## II. FINDING

The application filed by ET-Canada has been evaluated to determine if the proposed import arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import or export of natural gas from or to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by ET-Canada to import natural gas from Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This blanket order authorizes transactions under contracts with terms of no longer than two years.

## ORDER

Pursuant to section 3 of the Natural Gas Act, it is ordered that:

A. PG&E Energy Trading, Canada Corporation (ET-Canada) is authorized to import up to 150 billion cubic feet of natural gas from Canada over a two-year term beginning on the date of first delivery. This natural gas may be imported at any United States/Canada border point.

---

<sup>1/</sup> 15 U.S.C. § 717b.

B. Within two weeks after deliveries begin, ET-Canada shall provide written notification to the Office of Natural Gas & Petroleum Import & Export Activities of the date that the first import of natural gas authorized in Ordering Paragraph A above occurred.

C. With respect to the natural gas imports authorized by this Order, ET-Canada shall file with the Office of Natural Gas & Petroleum Import & Export Activities, Fossil Energy, within 30 days following each calendar quarter, reports indicating whether imports of natural gas have been made during that quarter. Quarterly reports must be filed whether or not initial deliveries have begun. If no imports have been made, a report of "no activity" for that calendar quarter must be filed. If imports have occurred, ET-Canada must report total monthly volumes in Mcf and the average purchase price per MMBtu at the international border. The reports shall also provide the details of each import transaction, including: (1) the name of the seller(s); (2) the name of the purchaser(s); (3) the estimated or actual duration of the agreement(s); (4) the name of the U.S. transporter(s); (5) the point(s) of entry; (6) the geographic market(s) served (by State); (7) whether sales are being made on an interruptible or firm basis; and, if applicable, (8) the per unit (MMBtu) demand/commodity/reservation charge breakdown of the contract price. [OMB No.: 1901-0294]

D. The first quarterly report required by Ordering Paragraph C of this Order is due not later than January 30, 2002, and should cover the period from the date of this Order until the end of the fourth calendar quarter, December 31, 2001.

E. The notification and reports required by Ordering Paragraphs B and C of this Order shall be filed with the Office of Natural Gas & Petroleum Import & Export Activities, Fossil Energy, Room 3E-042, FE-34, Forrestal Building, 1000 Independence Avenue, S.W., Washington, D.C., 20585.

Issued in Washington, D.C., on October 19, 2001.
