FE DOCKET NO. 02-04-NG

ORDER GRANTING BLANKET AUTHORIZATION TO IMPORT
AND EXPORT NATURAL GAS FROM AND TO CANADA

DOE/FE ORDER NO. 1756

FEBRUARY 21, 2002

I. DESCRIPTION OF REQUEST

On February 8, 2002, Enbridge Services Inc. (ESI) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act^{1/} (NGA) and DOE Delegation Order Nos. 0204-111 and 0204-127, for blanket authorization to import up to 200 billion cubic feet (Bcf) of natural gas from Canada and to export up to 200 Bcf of natural gas to Canada over a two-year term beginning on March 1, 2002. ESI is a Canadian corporation under the laws of the province of Ontario with its principal place of business in Ontario, Canada. ESI is an unregulated gas marketing affiliate of The Consumers' Gas Company Ltd. The requested authorization does not involve the construction of new pipeline facilities.

II. FINDING

The application filed by ESI has been evaluated to determine if the proposed import/export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import or export of natural gas from or to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by ESI to import and export natural gas from and to Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This blanket order authorizes transactions under contracts with terms of no longer than two years.

^{1/} 15 U.S.C. § 717b.

ORDER

Pursuant to section 3 of the Natural Gas Act, it is ordered that:

A. ESI Energy Services (ESI) is authorized to import up to 200 Bcf of natural gas from Canada and to export up to 200 Bcf of natural gas to Canada over a two-year term beginning on March 1, 2002, and extending through February 29, 2004. This natural gas may be imported and exported at any United States and Canadian border point.

B. With respect to the natural gas imports and exports authorized by this Order, ESI shall file with the Office of Natural Gas & Petroleum Import & Export Activities within 30 days following each calendar quarter, reports indicating whether imports or exports of natural gas have been made.

Quarterly reports must be filed whether or not initial deliveries have begun. If no imports or exports of natural gas have been made, a report of "no activity" for that calendar quarter must be filed. If imports or exports have occurred, ESI must report the following:

(1) total monthly volumes in Mcf; (2) the average monthly purchase price of gas per MMBtu at the international border; (3) the name of the seller(s); (4) the name of the purchaser(s); (5) the estimated or actual duration of the agreement(s); (6) the name of the United States transporter(s); (7) the point(s) of entry and exit; and (8) the geographic market(s) served (for imports, by State). For import transactions only, the report shall also include: (1) whether sales are being made on an interruptible or firm basis; and, if applicable, (2) the per unit (MMBtu) demand/commodity/reservation charge breakdown of the contract price. [OMB No.: 1901-0294]

C. The first quarterly report required by Ordering Paragraph B of this Order is due not later than April 30, 2002, and should cover the period from March 1, 2002, until the end of the first calendar quarter, March 31, 2002.

D. The quarterly reports required by Ordering Paragraph B of this Order shall be filed with the Office of Natural Gas & Petroleum Import & Export Activities, Fossil Energy, Room 3E-042, FE-34, Forrestal Building, 1000 Independence Avenue, S.W., Washington, D.C., 20585.

Issued in Washington, D.C., on February 21, 2002.
