RE: Golden Pass Products LLC, FE Docket No. 12-156-LNG
Application for Long-Term Authorization to Export LNG
To Non-Free Trade Agreement Countries
Update to Pending Application

Dear Mr. Anderson:

On October 25, 2012 Golden Pass Products LLC ("Golden Pass") submitted to the Department of Energy, Office of Fossil Energy an application for long-term authorization to export liquefied natural gas ("LNG") to non-Free Trade Agreement countries from an export terminal to be located at the site of the Golden Pass LNG import Terminal near Sabine Pass, Texas.

On December 21, 2016 the Federal Energy Regulatory Commission ("FERC") issued its order in FERC Docket No. CP14-517 granting Golden Pass authorization under section 3 of the Natural Gas Act to site, construct and operate facilities for the export of LNG near Sabine Pass, Texas.

The 30-day rehearing deadline for FERC's December 21 Order was Monday, January 23, 2017. No parties to the FERC proceeding, CP14-517, filed for rehearing of the order. Therefore, the December 21 Order is administratively final.

If you have any questions, please contact me at (713) 860-6348.

Respectfully submitted,
