ORDER GRANTING BLANKET AUTHORIZATION  
TO IMPORT AND EXPORT NATURAL GAS  
FROM AND TO CANADA

DOE/FE ORDER NO. 1879

JULY 23, 2003

## I. DESCRIPTION OF REQUEST

On July 17, 2003, Louis Dreyfus Energy Canada Inc. (Louis Dreyfus) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),<sup>1</sup> requesting blanket authorization to import and export up to a combined total of 100 billion cubic feet (Bcf) of natural gas from and to Canada. The term of the authorization would be for a period of two years beginning on August 1, 2003, and extending through July 31, 2005. Louis Dreyfus, an Alberta corporation with its principal place of business in Calgary, Alberta, is owned by Louis Dreyfus Corporation, and is engaged in the business of purchasing and reselling natural gas. It will import and export natural gas under short-term and spot market transactions, either on its own behalf or as the agent for others. The requested authorization does not involve the construction of new pipeline facilities.

## II. FINDING

The application filed by Louis Dreyfus has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import or export of natural gas from or to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Louis Dreyfus to import and export natural gas from and to Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This blanket order authorizes transactions under contracts with terms of no longer than two years.
