FE DOCKET NO. 03-36-NG

ORDER GRANTING BLANKET AUTHORIZATION TO  
IMPORT NATURAL GAS FROM CANADA

DOE/FE ORDER NO. 1883

AUGUST 5, 2003

## I. DESCRIPTION OF REQUEST

On July 23, 2003, Weyerhaeuser Company (Weyerhaeuser) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),<sup>1/</sup> for an authorization to import from Canada up to a combined total of 24 billion cubic feet (Bcf) of natural gas over a two-year term beginning on November 1, 2003, and extending through October 31, 2005. Weyerhaeuser, a Washington corporation with its principal place of business in Federal Way, Washington manufactures pulp, paper and wood products at facilities in Washington and Oregon and utilizes natural gas as a fuel source at these facilities. Weyerhaeuser will import the natural gas under short-term purchase arrangements for use at its manufacturing plants. The proposed authorization does not involve the construction of new pipeline facilities.

## II. FINDING

The application filed by Weyerhaeuser has been evaluated to determine if the proposed import arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import of natural gas from a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Weyerhaeuser to import natural gas from Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This blanket order authorizes transactions under contracts with terms of no longer than two years.
