ORDER GRANTING BLANKET AUTHORIZATION TO
IMPORT AND EXPORT NATURAL GAS
FROM AND TO CANADA AND MEXICO

DOE/FE ORDER NO. 1917

NOVEMBER 7, 2003

I. DESCRIPTION OF REQUEST

On October 6, 2003, Reliant Energy Services, Inc. (Reliant) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),^{1/} for blanket authorization to import up to a combined total of 292 billion cubic feet (Bcf) of natural gas from Canada and Mexico and to export up to a combined total of 292 Bcf of natural gas to Canada and Mexico over a two-year term commencing on October 6, 2003, and extending through October 5, 2005. Reliant, a marketer of natural gas, is a Delaware corporation, with its principal place of business in Houston, Texas. Reliant will import and export the natural gas under spot and short-term purchase arrangements on its own behalf or as the agent for others. The requested authorization does not involve the construction of new pipeline facilities.

II. FINDING

The application filed by Reliant has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import or export of natural gas from or to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Reliant to import and export natural gas from and to Canada and Mexico, nations with which free trade agreements are in effect, meets the section 3(c) criterion and, therefore, is consistent
