ORDER GRANTING BLANKET AUTHORIZATION TO
IMPORT AND EXPORT NATURAL GAS
FROM AND TO CANADA

DOE/FE ORDER NO. 1933

JANUARY 7, 2004

I. DESCRIPTION OF REQUEST

On January 5, 2004, Irving Oil Terminals Inc. (Irving) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),^{1/} for blanket authorization to import and export up to a combined total of 13.77 billion cubic feet (Bcf) of natural gas from and to Canada over a two-year term commencing on January 1, 2004, and extending through December 31, 2005. Irving, a subsidiary of Irving Oil Limited, is a Delaware corporation with its principal place of business in Portsmouth, New Hampshire. Irving will import and export the natural gas under spot and short-term purchase arrangements on its own behalf or on the behalf of others. The requested authorization does not involve the construction of new pipeline facilities.

II. FINDING

The application filed by Irving has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import or export of natural gas from or to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Irving to import and export natural gas from and to Canada, a nation with which a free trade agreement is in effect, meets the
