FE DOCKET NO. 04-06-NG

ORDER GRANTING BLANKET AUTHORIZATION TO
EXPORT NATURAL GAS TO CANADA

DOE/FE ORDER NO. 1938

FEBRUARY 6, 2004

I. DESCRIPTION OF REQUEST

On January 29, 2004, Chevron U.S.A. Inc. (Chevron), filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),^{1/} for blanket authorization to export up to 55 billion cubic feet (Bcf) of natural gas to Canada over a period of two years beginning on the date of this Order. Chevron, a subsidiary of ChevronTexaco Corporation, is a Pennsylvania corporation with its principal place of business in San Ramon, California. Chevron will export the natural gas under short-term or spot market natural gas transactions. The requested authorization does not involve the construction of new pipeline facilities.

II. FINDING

The application filed by Chevron has been evaluated to determine if the proposed export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the export of natural gas from a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Chevron to export natural gas to Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This blanket order authorizes transactions under contracts with terms of no longer than two years.

^{1/} 15 U.S.C. § 717b. This authority is delegated to the Assistant Secretary for Fossil Energy pursuant to Redlegation Order No. 00-002.4 (January 8, 2002).

ORDER

Pursuant to section 3 of the Natural Gas Act, it is ordered that:

B. With respect to the natural gas exports authorized by this Order, Chevron shall file with the Office of Natural Gas & Petroleum Import & Export Activities, within 30 days following each calendar quarter, reports indicating whether exports of natural gas have been made. Quarterly reports must be filed whether or not initial deliveries have begun. If no exports of natural gas have been made, a report of "no activity" for that calendar quarter must be filed. If exports have occurred, Chevron must report the following: (1) total monthly volumes in Mcf; (2) the average monthly purchase price of gas per MMBtu at the international border; (3) the name of the seller(s); (4) the name of the purchaser(s); (5) the estimated or actual duration of the agreement(s); (6) the name of the United States transporter(s); and (7) the point(s) of exit.
