ORDER GRANTING BLANKET AUTHORIZATION TO
IMPORT AND EXPORT NATURAL GAS
FROM AND TO CANADA

DOE/FE ORDER NO. 2350

MAY 8, 2007

I. DESCRIPTION OF REQUEST

On April 24, 2007, BP West Coast Products LLC (BPWCP) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),¹ for blanket authorization to import up to 25 billion cubic feet (Bcf) of natural gas from Canada, and to export up to 25 Bcf of natural gas to Canada. The applicant requests the authorization be granted for a two-year term beginning on July 2, 2007.² BPWCP is a Delaware corporation with its principal place of business in La Palma, California.

II. FINDING

The application has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), of the NGA, the import and export of natural gas from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by BPWCP to import and export natural gas from and to Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

^{1/} 15 U.S.C. § 717b. This authority is delegated to the Assistant Secretary for Fossil Energy pursuant to Redefinition Order No. 00.002.04C (January 30, 2007).

^{2/} BPWCP' authorization to import and export natural gas granted by DOE/FE Order No. 2085 on April 25, 2005, extends through July 1, 2007 (2 FE ¶ 71,096).
