ORDER GRANTING BLANKET AUTHORIZATION TO  
IMPORT AND EXPORT NATURAL GAS FROM AND TO CANADA

DOE/FE ORDER NO. 2381

JULY 24, 2007

## I. DESCRIPTION OF REQUEST

On July 5, 2007, Emera Energy Services Inc. filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),<sup>1</sup> for blanket authorization to import and export natural gas from and to Canada, up to a combined total of 400 billion cubic feet of natural gas. The applicant requests the authorization be granted for a two-year term beginning on September 1, 2007.<sup>2</sup> Emera Energy Services Inc. is a Delaware corporation with its principal place of business in Rye, New Hampshire.

## II. FINDING

The application has been evaluated to determine if the proposed import arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including LNG, from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Emera Energy Services Inc. to import and export natural gas from and to Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.
