ORDER GRANTING BLANKET AUTHORIZATION TO
EXPORT NATURAL GAS TO MEXICO

DOE/FE ORDER NO. 2408

SEPTEMBER 26, 2007

I. DESCRIPTION OF REQUEST

On September 11, 2007, Tristar Producer Services of Texas, L.P. (Tristar), filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),¹ for blanket authorization to export up to 4,000 billion cubic feet (Bcf) of natural gas to Mexico. The applicant requests the authorization be granted for a two-year term beginning on September 30, 2007.² Tristar is a Texas corporation with its principal place of business in Richardson, Texas.

II. FINDING

The application has been evaluated to determine if the proposed export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Tristar to export natural gas to Mexico, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

¹/ 15 U.S.C. § 717b. This authority is delegated to the Assistant Secretary for Fossil Energy pursuant to Redlegation Order No. 00.002.04C (January 30, 2007).

²/ Tristar's blanket authorization granted in DOE/FE Order No. 2131 on September 30, 2005, extends through September 29, 2007 (2 FE ¶ 71,183).
