ORDER GRANTING BLANKET AUTHORIZATION TO  
IMPORT NATURAL GAS FROM CANADA

DOE/FE ORDER NO. 2419

OCTOBER 18, 2007

## I. DESCRIPTION OF REQUEST

On September 26, 2007, United States Gypsum Company (U.S. Gypsum) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),<sup>1</sup> for blanket authorization to import up to 17.50 billion cubic feet of natural gas from Canada. The applicant requests the authorization be granted for a two-year term beginning on November 1, 2007.<sup>2</sup> U.S. Gypsum is an Illinois corporation with its principal place of business in Chicago, Illinois.

## II. FINDING

The application has been evaluated to determine if the proposed import arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by U.S. Gypsum to import natural gas from Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

U.S. Gypsum also has short term blanket authority to import natural gas from Canada (DOE/FE Order No. 2207 (2 FE ¶ 71,265) which extends until May 21, 2008.
