ORDER GRANTING BLANKET AUTHORIZATION TO  
IMPORT AND EXPORT NATURAL GAS  
FROM AND TO CANADA AND MEXICO

DOE/FE ORDER NO. 2422

OCTOBER 18, 2007

## I. DESCRIPTION OF REQUEST

On October 3, 2007, Luminant Energy Company LLC (Luminant) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),<sup>1</sup> for blanket authorization to import up to 120 billion cubic feet (Bcf) of natural gas from Canada and to import up to 120 Bcf of natural gas from Mexico, and to export up to 120 Bcf of natural gas to Canada and to export up to 120 Bcf of natural gas to Mexico. The applicant requests the authorization be granted for a two-year term beginning on October 1, 2007. Luminant is a Texas corporation with its principal place of business in Dallas, Texas.

## II. FINDING

The application has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Luminant to import and export natural gas from and to Canada and Mexico, nations with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.
