FE DOCKET NO. 07-125-NG

ORDER GRANTING BLANKET AUTHORIZATION TO
IMPORT NATURAL GAS FROM CANADA

DOE/FE ORDER NO. 2446

NOVEMBER 27, 2007

I. DESCRIPTION OF REQUEST

On November 1, 2007, Vermont Gas Systems, Inc. (Vermont Gas) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),¹ for blanket authorization to import up to 20 billion cubic feet of natural gas from Canada. The applicant requests the authorization be granted for a two-year term beginning on December 23, 2007². Vermont Gas is a Vermont corporation with its principal place of business in South Burlington, Vermont.

II. FINDING

The application has been evaluated to determine if the proposed import arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Vermont Gas to import natural gas from Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

¹/ 15 U.S.C. § 717b. This authority is delegated to the Assistant Secretary for Fossil Energy pursuant to Redefinition Order No. 00-002.04C (January 30, 2007).

²/ Vermont Gas' blanket authorization granted in DOE/FE Order No. 2151 on November 22, 2005, extends through December 22, 2007 (2 FE ¶ 71,208).
