FE DOCKET NO. 90-92-NG

ORDER VACATING LONG-TERM AUTHORIZATION
TO IMPORT NATURAL GAS FROM CANADA

DOE/FE ORDER NO. 494-F

On November 30, 1992, the Office of Fossil Energy (FE) of the Department of Energy (DOE) granted long-term authorization to Sumas Cogeneration Company, L.P. (SCCLP) in DOE/FE Order No. 494-B (Order 494-B) (1 FE ¶70,717), as amended.¹ Order 494-B, as amended, authorized SCCLP to import from Canada up to 24,000 million cubic feet (Mcf) of natural gas per day and a maximum of 8 billion cubic feet (Bcf) per year for use in its cogeneration facility in Sumas, Washington over a 20-year term beginning on the date of the first delivery. Initial deliveries commenced April 1, 1993.

¹/ Order 494-B was amended by Order 494-C on March 12, 1996, permitting SCCLP to import up to 24,900 Mcf of gas per day and up to 8.9 Bcf of gas annually for the remainder of the 20-year authorization (1 FE ¶ 71,239), and further amended by Order 494-D on July 11, 1997 reducing SCCLP's import quantity to up to 24,100 Mcf of gas daily and up to 8.9 Bcf of gas annually (1 FE ¶ 71,426), and further amended by Order 494-E on February 8, 1999 to increase the import quantity to up to 24,900 Mcf of gas per day and up to 8.9 Bcf of gas annually (2 FE ¶ 70,297).

On June 4, 2007, DOE was notified that the gas purchase contract between SCCLP and ENCO Gas, Ltd. had been terminated, effective March 31, 2007. As a result, SCCLP no longer needs its authorization and has requested that DOE vacate Order 494-B, as amended.

Accordingly, pursuant to section 3 of the Natural Gas Act, Order 494-B, as amended, authorizing the import of natural gas from Canada is hereby vacated.

Issued in Washington, D.C., on November 15, 2007.
