ORDER GRANTING BLANKET AUTHORIZATION TO  
EXPORT NATURAL GAS TO MEXICO

DOE/FE ORDER NO. 2462

JANUARY 29, 2008

## I. DESCRIPTION OF REQUEST

On January 23, 2008, Gasoducto Rosarito, S. de R.L. de C.V. (Gasoducto) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),<sup>1</sup> for blanket authorization to export up to 155 billion cubic feet of natural gas to Mexico. The applicant requests the authorization be granted for a two-year term beginning on April 1, 2008<sup>2</sup>. Gasoducto is a Mexican corporation with its principal place of business in San Diego, California.

## II. FINDING

The application has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Gasoducto to export natural gas to Mexico, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.
